## Egyptian Crisis Brings Pro-Russian Regime To Syria

TEARS OF JOY—LONG DELAYED—The pent-up emotion of nine long years of waiting is mirrored on the face of Mrs. Bela Banathy as she embraces her son, Laszlo, after his arrival in San Francisco from Budapest with his older brother, Bela, Jr. She last saw the boys in an Austrian refugee camp in 1947. The Hungarian-born Banathys live in Monterey, Calif.

### Eight U. S. B52s Fly 17,000 Miles, Could Deliver A-Bomb Anywhere

BALTIMORE (AP)—U.S. air officials pointed today to the awe-inspiring feat of eight B52 jet bombers as proof of the nation's ability to deliver a nuclear knockout punch anywhere in the world.

The 14-ton, eight-engine B52s took off Saturday, four from the Air Force base at Castle, Calif., and four from the base at Loring, Maine.

Before landing at various points in the United States Sunday they had:

1. Completed non-stop flights of

up to 17,000 miles over a 32½-hour stretch, more than eight hours longer than any other B52 had ever flown continuously.

2. Circled the North Pole at temperatures of 65 degrees below zero, reached speeds of "nearly 700 miles per hour" and maintained altitudes of "more than 35,000 feet."

3. Simulated drops of deadly bombs at targets along a course leading from Maine, past Thule, Greenland, to the top of the world, and back by way of Anchorage, Alaska; Seattle, Wash.; San Francisco; Houston, Tex.; Miami, Fla., and Baltimore.

SAC spokesmen said the flights were "a routine mission to demonstrate the capability of the B52 and the men who fly it." They said the B52s, of which the Air Force has more than 500 among 11 wings, refueled in flight with the aid of KC97 Stratocruisers.

The 32½-hour, 17,000-mile record was set by one of the four Castle Air Force Base planes. Its commander, Maj. "Sam" Morris of San Angelo, Tex., landed it at Loring.

By WILLIAM L. RYAN  
AP Foreign News Analyst  
BEIRUT, Lebanon (AP)—Egypt's crisis brought a silent coup to sister Syria.

The country was brought under martial law—proclaimed the day fighting broke out in Egypt. Control of the army, empowered to enforce the martial law, is in the hands of a group of pro-Soviet officers under the current strong man, Col. Aodul Hamid Saraj.

These officers are not Communists. But they place a high value on Soviet arms and Soviet political

support. They permit no criticism of the Russians.

The night martial law was declared, Damascus had its first "air raid." Thereafter the sirens wailed frequently.

So far as the frightened and unsophisticated population was concerned, the raids were real. The sandbagged and blacked-out buildings of Damascus heightened the illusion of imminent danger. Anti-aircraft batteries fired often.

The "air raids" also impressed on the public the need for contin-

ued martial law, which left the army in full control.

When the big crisis broke in Egypt, the civilian government ordered a military guard around the pumping stations for Iraq Petroleum Co. pipelines. That same night all three stations were blown up, halting the flow of Iraqi oil not only to the Mediterranean and Europe, but to Syria herself.

(Iraqi Petroleum is owned by British, American, French and Dutch interests).

The press was deliberately blinded to the Soviet military sub-

jugation of Hungary. Not a line of news from any Western source was carried by the press or radio. Only the Moscow radio and the Soviet official news agency Tass were quoted.

This was the work of Saraj. This colonel of about 32 is a nationalist in the style of Egypt's Gamel Abdel Nasser.

He is pro-Soviet in the sense that he places a high value on Soviet assistance. He is not considered pro-Communist.

A great admirer of Nasser, Saraj has surrounded himself with a group of officers similar to Nasser's revolution council in Egypt.

Up to four months ago, when Al Edin became chief of staff, this army was defensive. With an enormous influx of Soviet armament, it took on an offensive look. Pro-Soviet sentiment is strong within the army, largely because of these arms and because of the events in Egypt.

## U. N. Again Calls On Allies To Leave Egypt

### 7 Injured In Road Mishap North Of City

8 Accidents Occur In District Over Weekend; 3 Cited

Seven people were injured, including one Salem woman, when two cars collided Sunday at 9:50 p.m. on Rt. 62, one mile north of Salem.

The mishap was one of eight occurring in the district over the weekend. Several of the mishaps were attributed to hazardous road conditions. Three drivers were arrested.

State patrolmen said an auto driven by Betty Krantz, 36, of Youngstown went left of center and struck an approaching car operated by William Dalrymple, 33, of Struthers.

Passengers in Dalrymple's car injured in the collision were: Odessa Kyser, 71, of 937 Homewood Ave., Salem, bruises and abrasions; Guy Dalrymple, 8, son of the driver, broken teeth and lacerations of the gum; Margaret Dalrymple, 36, wife of the driver, fractured nose and lacerations of the mouth; and Mrs. Lola Hoop, 63, of Struthers, fracture and lacerations of the leg.

The other driver received injuries to her left leg and ankle in the mishap while her two passengers, Phyllis Gibson, 69, and Clara Gibson, 71, both of Youngstown, sustained lacerations of the chin.

Mrs. Hoop was admitted to Salem City Hospital where she is in good condition. The other injured persons were treated at the hospital and dismissed.

Miss Krantz was arrested for going left of center, patrolmen reported.

### Cited After Collision

Burl Starcher, 31, of Kensington was arrested for failing to yield the right of way after his car collided with an auto driven by Virginia Bierclair, 33, of East Rochester Saturday at 10:40 a.m. on Rt. 9, at its junction with Rt. 172 in New Garden.

Larry D. Starcher, 1, a passenger in his father's car was treated at the Central Clinic for lacerations of the forehead and released.

### Disappearance Of Nagy Still Angers Workers

## Back-To-Work Movement Promised By Hungarians

### \$274,000 Taken From Wall Safe

Inside Job Suspected At Capitalist's Home

LOUISVILLE, Ky. (AP)—Police today suspected an inside job in the \$274,000 "push button" wall safe theft at the Oxborn mansion of capitalist William Marshall Bullitt.

It was the biggest burglary ever committed here.

The money — ranging from \$10 to \$1,000 bills — was stolen from a concealed wall safe in Bullitt's study on the rambling 1,000-acre estate on Louisville's city limits sometime between 11 o'clock Saturday night and 9 a.m. Sunday.

City Detective Bert Heuser said he believed the burglary was an "inside" job with outside connections.

The wife of the 33-year-old sportsman, attorney and onetime solicitor general of the United States also indicated to newsmen the work was done by someone who knew the set up.

County detective Sgt. James Wyatt said it wasn't known how the thieves worked the double combination safe.

The thieves apparently entered the first floor library of the mansion by raising an unlocked window.

The detectives said whoever took the money pressed a point on the library wall which opened a door disguised as a bookshelf. Wyatt said when they apparently couldn't find a button — on Bullitt's desk in the study — that opens a section of wall paneling hiding the safe, they forced it open.

The break-in was discovered when a maid told Mrs. Bullitt that a window in the library was open.

Mrs. Bullitt said the library and study were in order when she and

VIENNA (AP)—Some Hungarian workers reportedly promised to return to their machines today to help lift their revolt-battered country from economic chaos.

Success of the back-to-work movement was a paramount test of the Soviet-imposed regime of Premier Janos Kadar. Widespread dissatisfaction with Kadar's explanation of the disappearance of former Premier Imre Nagy cast doubt on its effectiveness.

The Budapest Central Workers' Council hinted at the prospect of further strikes if the government fails to meet its demands. The council ordered Budapest workers to return to their jobs but scheduled further negotiations with Kadar on the council's demand that Nagy be returned to power.

Strikes and slowdowns have paralyzed Hungary since the start of the anti-Communist rebellion Oct. 23.

### Left Yugoslav Refuge

Nagy, a life-long Communist who came to power in the October anti-Communist rebellion and tried to sever ties with Moscow, left refuge in the Yugoslav Embassy Thursday after Kadar promised he would be allowed to return safely to his home.

Yugoslavia charged that Soviet secret police then kidnapped Nagy and 51 of his followers. Kadar insisted to the workers' council that the former premier had asked to leave Hungary for Romania and that his departure "does not mean exile."

"The government will not prosecute Nagy, although he made serious mistakes," Kadar said in a recording broadcast by Budapest radio.

Kadar promised to accede to the workers' demands after order is restored.

"Let's defeat the counter revolution even with the help of the Soviets, restore order, start normal life. When this is all done, the government will start negotiations with the Soviets about the withdrawal (of Russian troops)," the premier said.

### Creates New Rift

Nagy's disappearance created a new rift between Moscow and President Tito of Yugoslavia, whose embassy had guaranteed the nationalist Hungarian leader's

### 11 Fire Fighters Burned To Death

Battle Hot Spot Of California Blaze

SAN DIEGO, Calif. (AP)—Eleven fire fighters burned to death Sunday night when they were trapped while battling a hot spot of the 33,000-acre Cleveland National Forest fire, forest supervisor Walter Puhn reported.

He said eight of the men were inmates from the Vejas Honor Farm and the other three were U. S. Forest Service personnel.

Six other fire fighters managed to flee to safety, Puhn said, as lightning-fast flames swept up from the dry San Diego River bed near Eagle Peak, two or three miles above the El Capitan Reservoir. The scene is about 30 miles northeast of San Diego.

The fire, which started Saturday morning from a trash fire on the Inaja Indian reservation, is one of the worst in recent California history.

The most deadly forest fire in California occurred in 1933. A sudden shift in the wind trapped a fire fighting crew in a canyon at Griffith Park, Los Angeles and 23 died.

The perimeter of the east-moving blaze is estimated to be 40 to 50 miles.

On the fire lines were 1,400 men, including 500 sailors from the San Diego Naval Training Center. Strong winds have hampered them from the start.

### Legion Toy Drive To Open Tonight

The local American Legion post's annual toy collection will begin this evening at 6:30 with a "porch-light" canvass of the city.

Legionnaires and members of Explorer Scout Troop 56 and the Ohio Defense Corps will participate in the canvass. Persons with toys to donate are requested to leave the lights of their porches or front doors lit as a signal for canvassers to stop.

Anyone wishing to donate toys may call John Herman Jr. (ED 7-717), Vernon Isaacs (ED 8464) of the American Legion Home (ED 2-8080). Someone will be sent to pick up the playthings.

Legionnaires will repair and repaint the toys and give them to city charities for distribution to needy families at Christmas. Last year over 3,000 toys given by local people were distributed by the Legion.

A number of local merchants are donating playthings and other items in the project.

### 3 Nations Told To Withdraw 'Forthwith'

U. S. Backs Proposal; Clearance Of Suez Canal Is Approved

UNITED NATIONS, N. Y. (AP)—The U. N. General Assembly kept up pressure today on Britain, France and Israel to pull out all the troops they still have in Egypt.

The Assembly scheduled a meeting to hear delegations explain their votes on two resolutions it adopted Saturday calling for withdrawal of the invaders' troops and clearance of the Suez Canal.

The withdrawal resolution, introduced by 20 Asian and African countries, passed 63-5 with 10 abstentions. It called on Britain, France and Israel to get their forces out of Egypt "forthwith."

It asked Secretary General Dag Hammarskjold to relay the demand urgently and report back "without delay."

U. S. Splits With Allies

Splitting again with its major allies the United States voted for the proposal. Australia and New Zealand voted with Britain, France and Israel against it.

The second resolution was introduced by the United States along with Canada, Colombia, India, Norway and Yugoslavia. It approved Hammarskjold's arrangements with Egypt for employing a U. N. emergency force in that country to supervise the cease-fire and the troop withdrawals. It also authorized him to negotiate contracts to clear the Suez Canal, now blocked by ships and bridges wrecked during the military operations.

The Assembly's withdrawal demand was its fourth in three weeks, all approved by overwhelming votes. So far, Israel says she has pulled about 6,000 troops out of Egypt. Britain sailed a battalion of 928 infantrymen from Port Said and the French claim they have withdrawn a third of their forces.

However, the three governments have announced no other concrete plans for troop evacuations.

Canal Clearance OKayed

With the Assembly's go-ahead for the canal clearance project, Hammarskjold pledged unstinted effort to get the job done "speedily and effectively." He announced appointment of three assistants for the project: retired U. S. Lt. Gen. Raymond A. Wheeler, former Panama Canal maintenance engineer and engineering consultant to the World Bank; John J. McCloy, board chairman of the Chase Manhattan Bank of New York and former U. S. high commissioner in Germany; and Alfred G. Kotzin, a South African deputy undersecretary of the U. N.

Hammarskjold is already nego-

### Longshoremen Resume Work

60,000 Obey Court Restraining Order

NEW YORK (AP)—Brigades of longshoremen—60,000 of them in ports from Maine to Texas—went back to work today, loosening the grip of a nine-day strike.

Ships and cargo, tied up during the period, started moving.

In New York harbor, operations were described as back to normal. No disorders were reported.

A federal court restraining order issued Saturday ended the walkout for a temporary "cooling off" period.

Several thousand members of the striking International Longshoremen's Assn. hurried back to the piers over the weekend.

Strike Began Nov. 15

The strike started Nov. 15 in a contract dispute between the independent ILA and the New York Shipping Assn. The employers' group represents 170 shipping and stevedoring firms.

The walkout immobilized more than 200 ships and cost the national economy an estimated 20 million dollars a day.

Last Thursday President Eisenhower initiated invocation of Taft-Hartley law. He said continuation of the strike would "imperil the national health and safety."

The government injunction is for a 10-day period. Before the 10 days are up, the government is expected to press for extension of the order for the full 80-day "cooling off" period provided in the Taft-Hartley law.

ILA President William V. Bradley ordered his men back to work shortly after the injunction was issued.

Meanwhile, both sides said they are "willing and ready" to resume contract negotiations.

The main issue in the dispute has been the union's demand for a single Atlantic and Gulf Coast contract with the shippers.

The shipping association insists it cannot sign a contract covering ports outside New York.

### Port Said Opened To Ships Bringing In U. N. 'Policemen'

PORT SAID, Egypt (AP)—A British-French decision to let U. N. police force units enter the Suez Canal zone by sea as well as by air promised today to speed the buildup of the Middle East peace patrol. But there still was no agreement on plans to replace the invaders with U. N. troops.

### C. of C. Dinner Is Scheduled Tomorrow

Dr. Marvin J. Barloon, professor of economics at Western Reserve University in Cleveland, will be the keynote speaker at the seventh annual meeting of the Salem Chamber of Commerce at the Masonic Temple Tuesday at 6:30 p.m.

He will speak on "The Ohio River and the St. Lawrence Seaway." Dr. Barloon will discuss the relationship of the river and seaway to the economic development of eastern Ohio.

Three hundred persons are expected to attend.

A nationally known professor, author, and lecturer, Dr. Barloon has had articles published in such leading magazines as Harper's and Fortune. An authority on business affairs, he has appeared several times on various radio programs.

Dr. Barloon first began teaching at Western Reserve in 1935. He also has held faculty posts at Harvard and Tulane universities.

Dr. Barloon has carried on research and instruction in industrial location and development, transportation and inland waterways, and the Great Lakes.

### Road Crews Clear Off County Highways

### Sebring Officials To Urge PUC Action

## Seek Warning Lights At Scene Of Fatality

Sebring Mayor Jay Dawson said today Village Council will contact the Ohio Public Utilities Commission in an effort to hasten installation of flasher signals at the 12th St. Pennsylvania Railroad Crossing, scene of a fatality Saturday.

An RD 2, Beloit man, Fremont E. Kibler, 57, was killed instantly Saturday morning at 11:40 when a speeding passenger train struck his automobile. The fatality was the third in five years at the crossing.

The Pittsburgh - to - Chicago train, traveling around 70 miles an hour, knocked Kibler's car 50 feet down the tracks. Workmen worked an hour to free the dead man's body from the wreckage. A member of the train crew said the train was about two hours late when it reached Sebring.

Sebring Council has been trying

for six years to secure flasher light protection for motorists at the crossing. Mayor Dawson said.

Members of council appeared before the Ohio Public Utilities Commission April 12 to urge the commission to act on the matter. In a ruling handed down July 26, the commission specified that both flashers and short arm gates were necessary at the crossing.

Council met Aug. 30 at a special session when a resolution was passed to expedite installation of the gates and flashers.

However, no action has yet been taken by the railroad, Mayor Dawson said.

Several accidents have taken place at the crossing, although only three fatalities have been recorded.

Funeral services for Mr. Kibler

Turn To FATALITY, Page 8

## COLUMBIANA

# Legion's Gifts For Yanks Project Still Continues

COLUMBIANA — Firestone American Legion Post will receive reports at its meeting in the Legion home at 8 p.m. today on its "Gifts for Yanks" project, for which it has been receiving contributions. Hal Johnson and Adjutant Tom Crawford are in charge.

Firestone Post is still 15 short of its 253 membership quota for the Legion year, dating from July 1. Dues remain at \$5 a year.

A motion picture and other entertainment are planned for the meeting this evening. Post quarters are open every week night, and Legionnaires are welcome to enjoy TV and other entertainment features.

Robert R. Mushrush, of Farrell, Pa., veteran in wild life work, will be the speaker at the meeting of the Kiwanis Club at Heck's Restaurant at 6:30 p.m. today.

He will talk on "How to Tell a Fish from a Fisherman." A graduate of Utah State Agricultural College, Mr. Mushrush is on the lecture staff of the Industrial Information Institute of Youngstown, through which President John Backstrom, president of the club, arranged for his visit to Columbiana.

Mushrush is connected with the sales department of the Shenango Steel Co. in Farrell. He has memberships in wild life and fisheries societies, and has been in the employ of the fish and game commissions in several states, including Ohio.

Major J. B. Bose of the Indian Army, who has been with Mrs. Bose in this vicinity collecting a herd of cattle for shipment to India in a project to improve the strain of cattle in that country, will be the speaker at the meeting of the Rotary Club at Valley Golf at 6:30 p.m. today. Raymond Smith is program chairman.

Faith, Hope and Charity Class is having a doughnut sale at Grace Evangelical and Reformed Church Thursday beginning at 11 a.m.

W. H. Matthews of Salem will speak on "Home on the Range" and show pictures at the annual observance of "Old timers' night" by Pandora Lodge of Odd Fellows tomorrow evening, beginning with a dinner served by Pandora Rebekah Lodge at 6:30.

THE TRI-COUNTY High School League basketball preview is set for 7:30 p.m. tomorrow in Columbiana gym.

Eight teams will play two six-minute quarters. Salem, from outside the loop, will play instead of East Palestine, which had a previous engagement with East Liverpool.

Deborah Circle will meet in the primary room of Grace Evangelical and Reformed Church at 8 p.m. tomorrow. The project for the evening will be making of Christmas card baskets. Mrs. Margaret Carr, beautician, will be guest speaker.

## FINED IN LISBON

LISBON — Burl F. Starcher, 31, of Kensington, RD 1 was fined \$25 and costs at a hearing in Mayor Wilbur Warren's court Saturday on a charge of failing to yield the right of way.

He was cited by the State Highway Patrol.

## Speidel Newspapers President Resigns

COLORADO SPRINGS, Colo. (AP)—Merritt C. Speidel, a newspaperman for 63 years, has resigned effective Dec. 31 as president and director of Speidel Newspapers, Inc., it was announced today.

His successor will be chosen in January. Speidel, who has lived in Palo Alto, Calif., since 1937, said he would remain available as a consultant to the organization he helped found nearly 20 years ago.

He emphasized the resignation did not imply complete retirement from newspaper work.

The ten Speidel newspapers include the Chillicothe (Ohio) Gazette.

Giraffes have to stay on hard, dry land. They bog down in rivers or swamps.

## Missing Boy's Body Found; Not Murdered

HUNTINGTON, W. Va. (AP)—Little Billy Beaver's father didn't smother him, dismember his body and burn it, as he had "confessed" to police.

Two-year-old Billy, missing from his crude log cabin home near here since last Wednesday, was found dead Sunday. Investigators said he died of exposure and his parents and grandmother, charged earlier with murdering him, will probably be released today.

Paul Harbour, a power company employee, discovered the body along a pipeline right-of-way about 1½ miles from the Beaver home, 20 miles east of Huntington.

Dr. Robert Barrett, Cabell County coroner, said examination showed the youngster, weighing an extraordinary 60 pounds for his age, had died of exposure in sub-freezing weather.

Sheriff H. D. Humphreys said the case was "closed."

The weird developments came after Humphreys announced Billy's father, 24-year-old James Beaver, had signed a statement saying he had smothered the boy, hacked up the body and burned it in an open fireplace.

The sheriff added that the statement said Beaver was helped by his 18-year-old wife and both acted at the point of a gun held by his 64-year-old mother, Mrs. Virginia Beaver.

The elder Mrs. Beaver also had contributed to the confusing aspects of the case by earlier making a statement that she killed Billy because "he got on my nerves."

Neither the parents nor the grandmother can read or write much, Humphreys said. Beaver was said to have attributed his bizarre statement to fear of authorities but insisted he had been treated kindly by investigators who had a direct hand in the case.

## Man Held As Slayer Of Brother-In-Law

LANCASTER, Ohio (AP)—A 35-year-old man charged with stabbing his brother-in-law to death was held today in Fairfield County jail after a week-long search for him in Ohio and West Virginia ended with his arrest Saturday.

Harold Foster Brown, charged with the first degree murder of Mahlon S. E. Jeffries in a fight Nov. 16, was picked up by officers in St. Clairsville, Belmont County, and returned here by Fairfield County authorities.

His sister, Betty Jeffries, 33, said her brother and her husband were involved in a fight on a road near here and that Brown stabbed Jeffries, according to Chief Deputy Sheriff Jack Bleazer. Mrs. Jeffries and Brown took the man home. Blazer said. When the woman awoke the next day, her husband was dead and her brother had fled, the officer said.

## No IQ Difference Found Between Races

WASHINGTON (AP)—An official of a psychological measuring service reported today he has been able to find no scientific evidence that Negroes are less intelligent than white people.

Robert D. North, assistant director of the Educational Records Bureau, New York, said in a report prepared for the Anti-Defamation League of B'nai B'rith, Jewish service organization:

"If the nation's school systems were segregated on the ability to learn, color lines would be crossed in a way that would bewilder advocates of white mental supremacy."

The Educational Records Bureau conducts psychological tests and entrance examinations for secondary schools. The North report, paid for by the Ford-financed Fund for the Republic, was released at the Anti-Defamation League's annual meeting here.

North's findings were along the same line as those of a group of 18 social scientists who said on Oct. 15 that there are no "innate racial differences in intelligence" between the white and Negro races.

On Sept. 17 a Villanova University professor, Frank C. J. McGurk, wrote in the magazine U. S. News & World Report that it had been "demonstrated over and over" that Negroes as a group do not have the learning capacity of whites.

## Rotary Club To Hear Talk By Howard Pardee

Howard Pardee, Salem High School Band director, will give a talk on problems of maintaining a school band when the Rotary Club meets Tuesday noon in the Memorial Building.

Dr. Fred Crowgey is program chairman.

Maurice H. Michaud, who was aboard the Stockholm liner when it collided with the Andrea Doria, will be guest speaker when the club has its "ladies night" program Dec. 4 at 6:15 in the Memorial Building.

Atty. Earl Miller and Steve Ross are in charge of arrangements.

## Kiddies Party Is Dec. 16 At Leetonia

LEETONIA — Four village organizations will sponsor the annual kiddies Christmas party for children in the community.

The event which is in its fifth year will begin at 1:30 p.m. Dec. 16 at the Leetonia High School auditorium under the sponsorship of the Eagles, O.S.I., American Legion, and Knights of Columbus.

Movies will be shown as a part of the festivities, and Santa Claus will pass out stockings to children. Santa also will visit shut-ins of the village on that day.

The Class of 1958 of the Leetonia High School has selected class rings which will arrive sometime in February. The jewelry is on display at Kennedy Jewelry.

A stag party was enjoyed by members of the Knights of Columbus and their guests Friday eve-

ning at a fish fry in the lodge hall. The K of C will meet again Dec. 6 at the hall.

## Woman Dies Of Injuries Suffered On Turnpike

CLEVELAND (AP)—Mrs. Louella Arnold, 57, of Cuyahoga Falls, died in Berea Community Hospital of injuries suffered in an auto-

bile accident on the Ohio Turnpike. She was injured last Wednesday when the car in which she was riding went out of control and ran into a ditch near the Cleveland Interchange.

The trees growing in Brooklyn and the other New York City boroughs number about 2,300,000.

## Will you really enjoy your retirement... or barely scrape along?

You have probably given a lot of thought to how you would like to spend your time after retirement... maybe you have even figured how much income you would need to do the things you want.

Is the amount you can presently count on enough? Think how much peace of mind an extra \$100 a month would contribute!

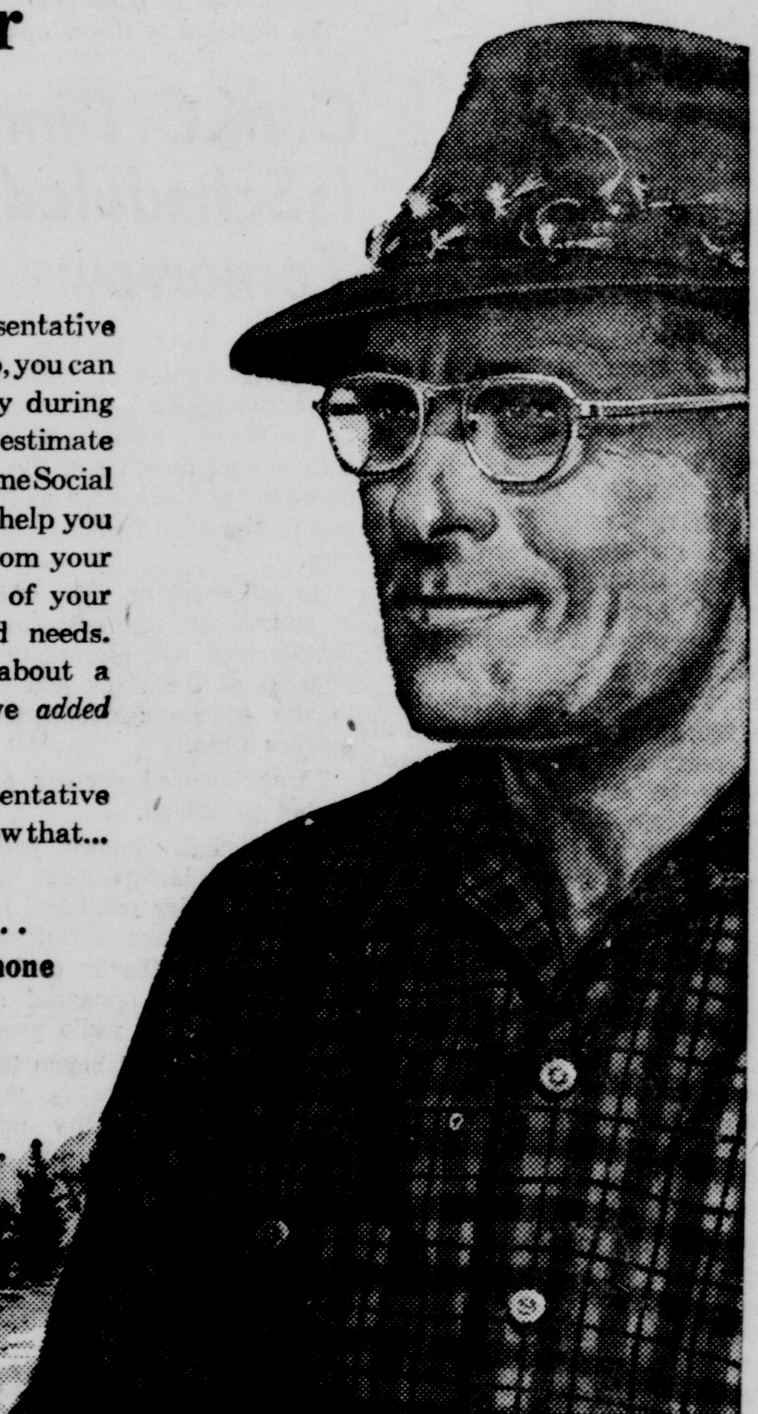

The question is: "Where is this extra \$100 coming from?" Maybe you expect to save it. If so, it would take \$30,000, invested safely at 4%, to provide a gross income of \$100 monthly. Few people have the means to do this.

However, there is a simple, safe and sure way of providing for extra retirement income—a Metropolitan Retirement Program. This also provides Life insurance protection for your family in case something should happen to you before retirement. The cash and loan values in the policy can be used as nest eggs in the event of unforeseen contingencies.

Your Metropolitan Representative will show you how, step by step, you can provide for financial security during your retirement years. He will estimate the amount of retirement income Social Security will contribute, and help you review the possible income from your present policies in the light of your future retirement plans and needs. You might also ask him about a Family Income rider to give added protection to your family.

Any Metropolitan Representative will welcome this chance to show that...

Metropolitan service is as local as Main Street... as close as your phone

## Tannyhill Faces Death Tonight

### Lausche Studies Fate Of Waitress-Slayer

COLUMBUS, Ohio (AP)—A 27-year-old waitress-slayer whose attorney says "never should have been born" is scheduled to die tonight in Ohio Penitentiary's electric chair.

Samuel Woodrow Tannyhill has alternated between desire for death and hope for life. His date of execution has been set five times. Court actions, appeals and a postponement for gubernatorial review have moved the date from Feb. 2 to May 15, then to Aug. 4 and Oct. 26.

Tannyhill may have a chance even yet. The execution was set for tonight to give Gov. Frank J. Lausche time to study his case. The governor conferred Friday with members of his cabinet.

Customarily, the governor waits until shortly before the time of execution to announce whether or not the life of the man in death row will be spared.

Admittedly a drifter who never held a job more than two or three weeks, Tannyhill was convicted of slaying Mrs. Shirley Bradford, 29, May 2, 1955.

Sandusky County prosecutor Thomas F. Dewey said Tannyhill kidnapped Mrs. Bradford after she recognized him when he tried to rob the tavern where she worked in Fremont. Tannyhill killed her with a tire iron in the roomed spot near Fremont, the prosecution charged.

Taken to Ohio Penitentiary Oct. 17, 1955, Tannyhill was quoted as telling Sandusky County Sheriff Fred H. Paul:

"My life has been a rat race and I look at death as such a beautiful thing."

In the penitentiary, Tannyhill said he had become an avid reader of the Bible.

"All my life I've hunted for something and I've found it in the Bible," he said. "It taught me that if a fellow looks off the end of his nose, he finds there is something else. I would say I am 100 per cent prepared for anything."

Tannyhill was convicted Oct. 15, 1955, after being located in Kansas State Penitentiary where he was serving 10 to 21 years for a liquor store robbery.

**Homeworth**  
Mr. and Mrs. H. Lee Whiteleather of Seattle, Wash., formerly of Moultrie, are visiting relatives here including the former's brother, Walter Whiteleather of RD Minerva, John Whiteleather of Kent and a sister, Mrs. Ella Newcomer of Canton.

Members of the Homeworth Presbyterian Church enjoyed a casserole dinner at 6:30 p.m. Sunday in the church dining room with Mrs. Lowell Wagner and Mrs. Atlee Freshley in charge.

Later the group enjoyed a program led by Mrs. Harold Stoffer, president of the Ladies Aid, and Grace Missionary Society.

Mrs. Charles Edeburn presented devotions. Terry Stoffer played a cornet solo, accompanied by Mrs. Howard Emmons.

Feature of the evening was the talk and colored slides shown by Miss Judith Liber who made a trip to Finland as an American exchange student.

Mrs. Robert Pickens and Mrs. Richard Wagner gave a vocal duet with accompaniment by Mrs. Evelyn Stewart.

Decorations throughout the church were the work of Mrs. Frank Lindsey and Mrs. Ford McQuilkin.

Speaking on the topic, "The Future of Schools," Superintendent Arthur L. Gaffga of Mahoning Local Schools addressed members of the Lions Club at the Presbyterian Church.

Women of the church served the supper.

The club voted to hold a family night program during the Christmas season. Plans for the event will be completed at the Dec. 3 meeting.

Members will make a visitation to the club in Minerva Wednesday. John Proudfoot, secretary, announced that \$223 was cleared on a ham supper sponsored recently by the club.

Club officers announced Christmas trees will again be sold during the holiday season and the proceeds will be used for sponsoring youth activities.

**DOWNTOWN ERIE**—This picture, taken at 12th Street and State in the heart of downtown Erie, Pa., is typical of the whole city. Erie was hit with a record snowfall ranging from 24 to 34 inches, which paralyzed the city and stranded thousands of motorists. National Guard units have been called out to help clear highways and streets.

### Photoengravers Delay End To Newspaper Strike

CLEVELAND (AP)—Members of the Cleveland local of the Photoengravers Union meet at 6 p.m. today to consider the "findings" of a contract negotiations with Cleveland's three big daily newspapers, idle since Nov. 1.

Jack Laidlaw, the local's secretary-treasurer, declined to say whether what he described as "findings" constituted a tentative agreement which would be subject to approval by the members.

The Photoengravers Union, is the last of eight unions representing the newspapers' employees still without a new contract agreement. A spokesman for the publishers says all of the eight must come to terms before the papers will resume production.

Last Friday, the membership of the photoengravers local turned down a proposed two-year contract providing wage increases of \$4.50 weekly this year and \$3.50 next year. The old base scale for photoengravers was \$122.85.

The Cleveland Newspaper Guild struck the Press on Oct. 31, and the News and Plain Dealer subsequently were idled when truck drivers refused to haul copies which included the nameplate of the struck Press.

The Guild ended its strike Nov. 15 with ratification of a new contract. Six other unions since have settled, but a spokesman for the publishers says they will not resume production until all eight have come to terms.

## Mahoning 4-H Advisors To Be Feted At Dinner Dec. 6

So as to honor the more than 160 voluntary 4-H club advisors in Mahoning County, a dinner in their honor will be held at 6:30 p.m. Thursday, Dec. 6, at Ellsworth School.

The dinner will be followed by a brief program which will include election of three advisors to the 4-H Council. Kenneth Ellis of Coitsville will direct the square dance.

Pins, fair checks, certificates and 1957 calendars will be packaged and available. Reservations are

needed by Friday, Nov. 30 at the Mahoning County Agricultural Extension Service, 12 W. Main St., Canfield.

Cecil Moore of Poland will serve as toastmaster. He is president of the 1956 Mahoning County 4-H Council.

Members of the Mahoning-Columbiana Swine committee will meet at 8 p.m. Friday, Nov. 30 at the Mahoning County Agricultural Extension Service office at Canfield.

The group will consider plans for the winter swine meeting which is scheduled for March 8. Vernon Wehr is chairman of the committee.

## Tanker Production Hikes Steel Demand

CLEVELAND (AP)—A tanker-building program sparked by the Suez Canal crisis will in the months ahead make competition for steel plates "more fierce," Steel Magazine said today.

Even without the problems in the Middle East the demand for plates has been outrunning supplies, the weekly metalworking journal said. The same is true for structural shapes, it added.

"Steel" said 23 tankers are under construction or on order, application has been made to the U. S. Maritime Commission for authority to construct another 31, and President Eisenhower wants still another 50 built.

"The Suez crisis will make certain that at least half the vessels will be built," the magazine said. "Fifty tankers in the government portion of the program alone would take 750,000 tons of plates and another 250,000 tons of other steel products."

One effect may be to speed up requests for fast tax amortization of new facilities for producing plates and a temporary shelving of such requests for facilities making other steel products, "Steel" said.

The national output of steel for the week ended Nov. 25 was 2,474,202 net tons, which represents 100.5 per cent of rated capacity. "Steel" reported. Scrap prices moved up 50 cents to \$62 a ton last week, but there appears to be "no danger of a pinch in domestic supplies," the magazine said.

chison. Lunch was served by the hosts assisted by Mr. and Mrs. Henry Huseman with 32 in attendance. Guests were Mr. and Mrs. James McFarland of Kilsyth, Scotland. The next meeting will be at the home of Mr. and Mrs. Floyd Courtney Dec. 19.

Mr. and Mrs. Mahlon Griffith, Mr. and Mrs. Bren Griffith, Mr. and Mrs. Robert Moore Sr., Mr. and Mrs. Robert Moore Jr., Mr. and Mrs. Wayne Griffith, Mr. and Mrs. Richard Griffith, Mr. and Mrs. Frank Mitchell, Mr. and Mrs. Ronald Metz, Mr. and Mrs. Galen Berger, Mr. and Mrs. Earl Bardo, Mr. and Mrs. Don Griffith and Mr. and Mrs. Dale Hileman and daughter accompanied by Mrs. Robert Cannell of Youngstown, joined Mr. and Mrs. Andrew Filp and family and Mrs. Nellie Griffith of Beloit in a Thanksgiving dinner at the Filp home with 55 attending.

Rev. and Mrs. C. R. McPherson and children and Mrs. Laura Talbott were entertained at a dinner Thanksgiving by Mr. and Mrs. Omar Shreve of RD. Beloit.

Mr. and Mrs. D. T. Callahan entertained at a family holiday dinner. Those in attendance were Mr. and Mrs. Richard Callahan of Alliance, Mr. and Mrs. Arnold Flick of Salem, Mr. and Mrs. Henry Huseman and Robert Meeks.

Rev. and Mrs. William Atchison spent Thanksgiving with her parents in Greentown.

Mr. and Mrs. Ralph Davis and Mrs. William Davis were holiday dinner guests of Mr. and Mrs. Milan Camp of Highland.

Mr. and Mrs. Merlin Stanley and Susan spent Thanksgiving with Dr. and Mrs. Floyd Stanley of Akron.

Mr. and Mrs. Jerome Eagleton of Salem spent Thanksgiving with her parents, Mr. and Mrs. A. L. Pemberton.

Mr. and Mrs. James McFarland of Kilsyth, Scotland, are visiting their cousins, Mr. and Mrs. Neil Kerr, and plan to locate in the United States.

Mr. and Mrs. Charles Clemson, Mr. and Mrs. Roland Cromick and Mr. and Mrs. Ambert Cronick of Akron and Mr. and Mrs. James Fravel of Canton spent Thanksgiving with their parents, Mr. and Mrs. J. L. Cronick.

Mr. and Mrs. Merle Shreve and Mr. and Mrs. Donald Oswalt of Canfield, Thanksgiving day.

Dr. and Mrs. N. R. Pettay and Mr. and Mrs. Phillip Bush entertained Mr. and Mrs. Andrew Pettay of Canton, Mr. and Mrs. Melvin Stauffer of East Canton and Mr. and Mrs. Clyde Pettay at dinner on Thanksgiving.

Mr. and Mrs. James McFarland of Kilsyth, Scotland and Mr. and Mrs. Neil Kerr were guests at a Thanksgiving dinner at the home of Mr. and Mrs. R. H. Penrose.

**Los Angeles Sunshine Sets A New Record**  
LOS ANGELES (AP)—Amazing. That's the weather man's word for it.

So far this month, sunshine in Los Angeles has averaged 98 per cent of possible.

"We've had 21 days of 100 per cent sunshine," he exclaimed.

The 98 per cent beats the former record for sunshine in one month — 96 per cent in November 1929.

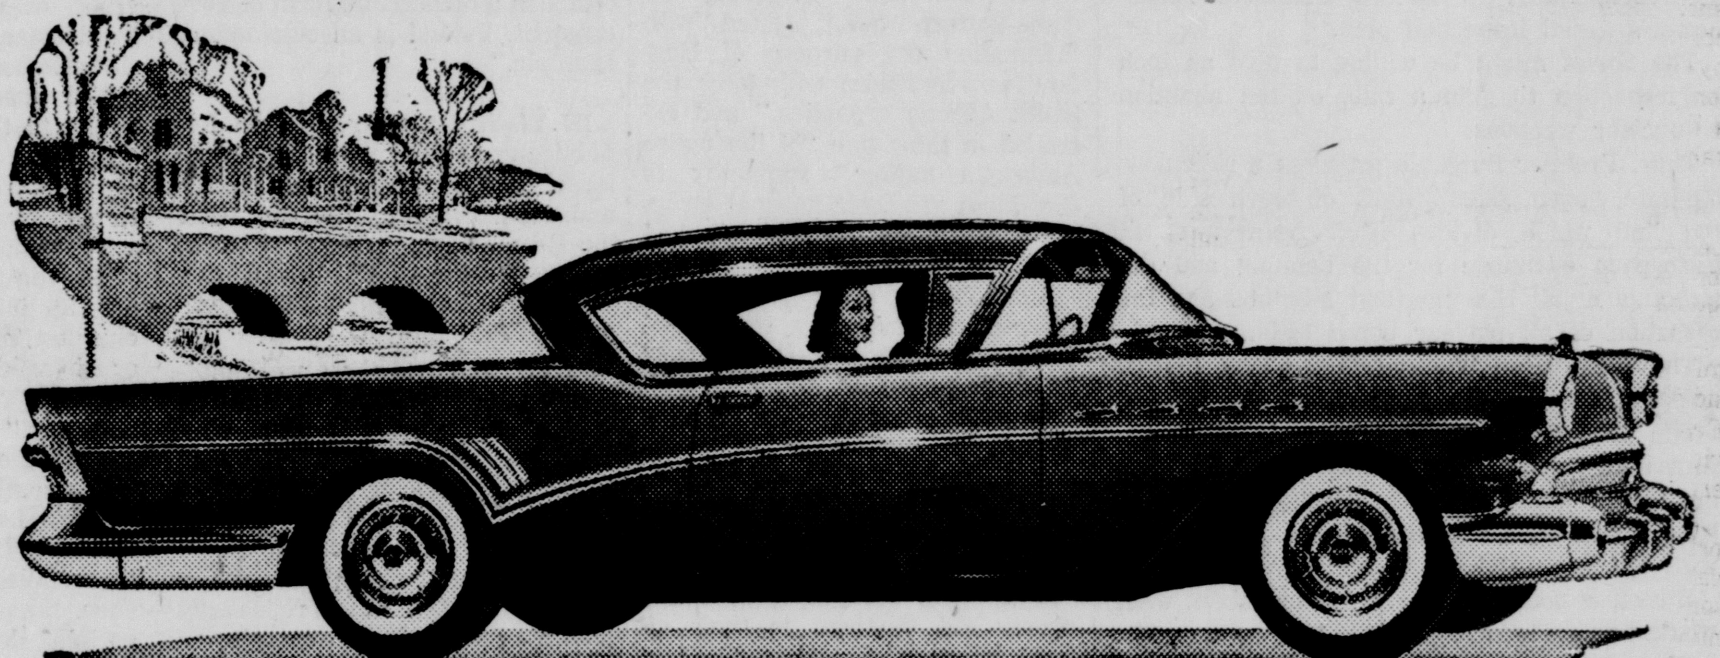

The only sun-cured tobacco market in the world is in Richmond, Va.

**For '57 Styled long and low — with lots of GO!**

(Try the instant response of Buick's New Dynaflo\*)

We'll admit it quite frankly.

"New" is a word that's used a lot. But seldom has it meant so much that's fresh and different and better-than-before—as here in the newest Buick yet.

Take the new styling, because that's so obvious even at a glance. To get it so sweepingly low, the engineers started right from the bottom, with a brand-new type of chassis construction.

It's an ingenious "nested" chassis that reduced car height as much as 3.4 inches, giving new lowness and raciness to the styling—without reducing road clearance below or room inside.

It's a massive I-beam, X-frame chassis that's stronger and sturdier—and permits a new low center of gravity that gives this Buick far surer, far safer roadability.

That's the picture on style and beauty and rugged brawn in every '57 Buick.

But no such picture can give you the feel

of this automobile's new *instant go*.

Only when you take the wheel can you appreciate the new era of motoring pleasure and ease and safety brought about by Buick's new power-pitch response.

It's *instant* response—response set off by the hair-trigger action of a new 364-cubic-inch V8 engine and the full-range flexibility of a new Variable Pitch Dynaflo.

It's response so eager, this Buick seems to anticipate your every command. Power flashes to the rear wheels so quickly and smoothly in "Drive," that the need for "Low" has virtually been eliminated. Even Dynaflo's famous switch of the pitch is seldom needed.

Come try it. Come see and *feel* the tremendous difference the newest Buick yet can make in your driving enjoyment.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Helping Retarded Children

The Salem Division of the Columbiana County Council For Retarded Children is taking positive steps to overcome one of our too-often neglected problems—that of the care of the mentally-retarded child.

Through the perseverance of local leaders and the cooperation of the trustees of the First Presbyterian Church, the group has been able to open a school for retarded children in the church's Westminster House. An instructor has been obtained for the six children who are enrolled.

The doors are open for six more children who can be given special training but there is a pressing need for funds to help the Council continue its good work. A number of civic organizations are assisting.

The problem of the retarded child is one that merits sympathy and understanding—and funds to help sustain the worthwhile program that has been started.

## Fantastic Phoney

The Russian leaders have a capacity for deceit and double-talk that is positively amazing.

And their infinite patience and bold naivete in trying to lure the United States and its allies into a sense of false security are beyond the pale of reasonable comprehension.

The latest example is a bid for another summit conference on the thinly-veiled pretext of a willingness to discuss President Eisenhower's aerial inspection plan.

The Soviet might be willing to give an inch on inspection to gain a mile on the abolition of nuclear weapons.

Thus, Premier Bulganin proposes a ridiculous 500-mile "open skies" limit on each side of the line which divides East from West in Europe in exchange for the banning and destruction of all H-bombs and A-bombs and the cessation of all nuclear bomb tests.

The idea is so transparently phony that it scarcely deserves an answer.

The greatest deterrent to war today is the American H-bomb. Russia has one of her own and could inflict horrible devastation with it, but in this field the balance of power rests with the West and the Soviet knows it.

Russia is not particularly worried about what would happen to mankind in a nuclear war. She is worried about what would happen, specifically, to Russia. Hence her urgency in trying to abolish the atom threat, as if such a move would affect the striking power of both sides equally.

If the Communists could achieve a situation where everything but conventional weapons were banned, they would be in a position to move promptly into Western Europe, the Middle East and the Far East.

With her great resources of manpower and her vast expanse of land, Russia would be virtually unbeatable if the source of the West's greatest strength were outlawed.

The Soviet has not and, in our opinion, never will submit to a really effective plan of weapon inspection.

Until she does, there can be no scuttling of H-bombs and there can be no real peace in the world.

We are fortunate to have a man in the White House who sees this picture quite clearly.

## Perennial Problem

Ancient tablets now in the hands of the University of Pennsylvania Museum may well constitute Exhibit A for those who take issue with the adage that the younger generation is traveling the way of the dogs faster than the one before it.

The relics are more than 3,700 years old, and they attest to the fact that fathers of that era were just as worried about their sons' behavior as any that have followed them.

The seven pieces of clay contain the advice of a Sumerian father to his offspring in what a curator of the museum says may be "the first case of juvenile delinquency in man's recorded history."

The essence of the displeased parent's remarks: Do not loiter around on the streets. Go to school. Obey your teachers. And it certainly won't hurt you to do a little work around the house.

## Prescription

Conversion of statistics into "composite" descriptions of people, places or things is all the rage these days. So it can be with headache suffering. Thus, according to a report at a recent medical meeting:

If you want the fewest possible headaches, turn yourself into an unschooled farmer over 60 whose wife has passed on.

If you are the type who enjoys suffering, strive to be a scholarly, single woman medical student under 20.

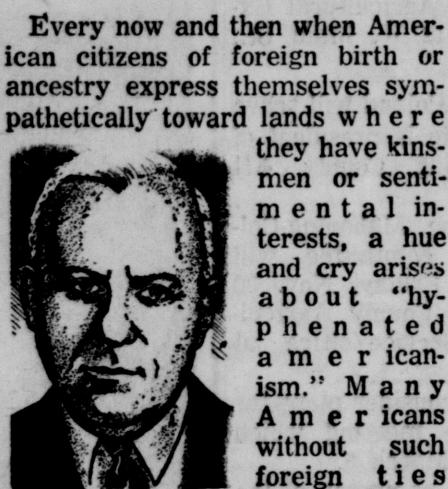

If you are already among the ranks of the latter and would like to join the former, stop dreaming and take an aspirin.

Getting a bang out of life is wonderful unless you do it while driving your car.

## Right To Take Sides

By DAVID LAWRENCE

## American Sympathy Goes Out To Oppressed

Lawrence — and they get criticized for it as trying to involve America in foreign wars.

Every now and then when American citizens of foreign birth or ancestry express themselves sympathetically toward lands where they have kinsmen or sentimental interests, a hue and cry arises about "hyphenated Americanism."

Then came a firm reiteration of support by the Democrats in that 1920 platform "for the aspirations of Ireland for self-government."

In 1924 a friendly word is found in the Democratic platform for the new republic of Greece, and a condemnation of the Lausanne Treaty because it "barbers legitimate American rights and betrays Armenia for the Chester oil concession."

Declarations in favor of Palestine began to appear during World War II. The Democratic convention of 1944 said:

"We favor the opening of Palestine to unrestricted Jewish immigration and colonization and such a policy as to result in the establishment there of a free and democratic Jewish commonwealth."

THE REPUBLICANS that same year said in their national platform:

"In order to give refuge to millions of distressed Jewish men, women and children driven from their homes by tyranny, we call for the opening of Palestine to their unrestricted immigration and land ownership so that in accordance with the full intent and purpose of the Balfour Declaration of 1917 and the resolution of a Republican Congress in 1922, Palestine may be constituted as a free and democratic commonwealth."

In 1948, the Democratic convention pledged "full recognition to the state of Israel" and approved "the claims of the state of Israel to the boundaries set forth in the United Nations resolution and consider that modifications thereof should be made only if fully acceptable to the state of Israel."

The Democrats, also in 1948, said:

"The United States has traditionally been in sympathy with the efforts of subjugated countries to attain their independence and to establish a democratic form of government. Poland is an outstanding example."

IN THAT SAME YEAR the Republicans said: "We welcome Israel into the family of nations and take pride in the fact that the Republican party was the first to call for the establishment of a free and independent Jewish commonwealth."

In 1952 and 1956 there were platform planks adopted at the two major party conventions telling the once free peoples of Central and Eastern Europe that they would not be abandoned, and expressing sympathetic interest in Israel.

Throughout the years the major political parties have repeatedly shown concern for the peoples of new republics abroad and have manifested a continuous sympathy for them in their efforts to attain or preserve their independence.

IN THE SAME YEAR—1920—the Democrats in their platform

expressed their "active sympathy with the people of China, Czechoslovakia, Finland, Yugoslavia, Poland, Persia and others who have recently established representative government and who are striving to develop the institutions of democracy."

Then came a firm reiteration of support by the Democrats in that 1920 platform "for the aspirations of Ireland for self-government."

In 1924 a friendly word is found in the Democratic platform for the new republic of Greece, and a condemnation of the Lausanne Treaty because it "barbers legitimate American rights and betrays Armenia for the Chester oil concession."

## This And That

By HAL BOYLE

NEW YORK — Things a columnist might never know if he didn't read his mail—and browse in old bookstores:

That the number of cars and telephones in the United States is increasing faster than the number of people.

That 4 million persons born in the southern states moved to other sections of America between 1950 and 1955.

That about 92 per cent of American girls get married and about 85 per cent of them land a man before they are 26.

That a colleague of ours (Charlie Rice, columnist of the Missouri State Penitentiary's monthly paper) observes, "A man all wrapped up in himself makes a small package!"

That Tiny Elaine Malbin, the opera star (She's only a half inch over five feet) keeps in trim by lying on her back and doing bicycle exercises with 10 - pound lead weights built into her shoes.

That the biggest objection many women have to pipe-smoking men is, "they spend so much time trying to keep their pipe lit they have no time left to talk." (Whatever happened to the pipe-puffing fad among the ladies? Haven't seen one all year.)

That a generation ago most medicines came in fluid form. Now between 80 and 90 per cent comes in pills, capsules and tablets.

That about 8 out of 1,000 people throughout the world suffer from schizophrenia, regardless of their race or whether they are rich or poor, savage or civilized.

That Americans spend 128 million a year on deodorants. (Remember the old days when all a guy had to do was chew a nickel package of sen-sen?)

That sherry isn't really sherry unless it comes from Spain (Jeréz . . . and it's the only wine that won't turn to vinegar if left exposed to the air.)

That only a third of the 70 million Americans licensed to drive cars are women. It only seems like there are more.

That more than 500,000 U. S.

children now ride to school regularly in autos. . . Maybe that's why leather manufacturers complain teenagers no longer do enough walking to wear out their shoes.

Although the average American is "eating higher on the hog," more than half of the 161 pounds of meat he consumed last year was beef. Most of the rest was pork.

That Canadian fishermen are now using aureomycin to protect their ocean catch from bacterial spoilage during the long voyage home to market.

That both Napoleon Bonaparte and Josephine were fond of onion soup.

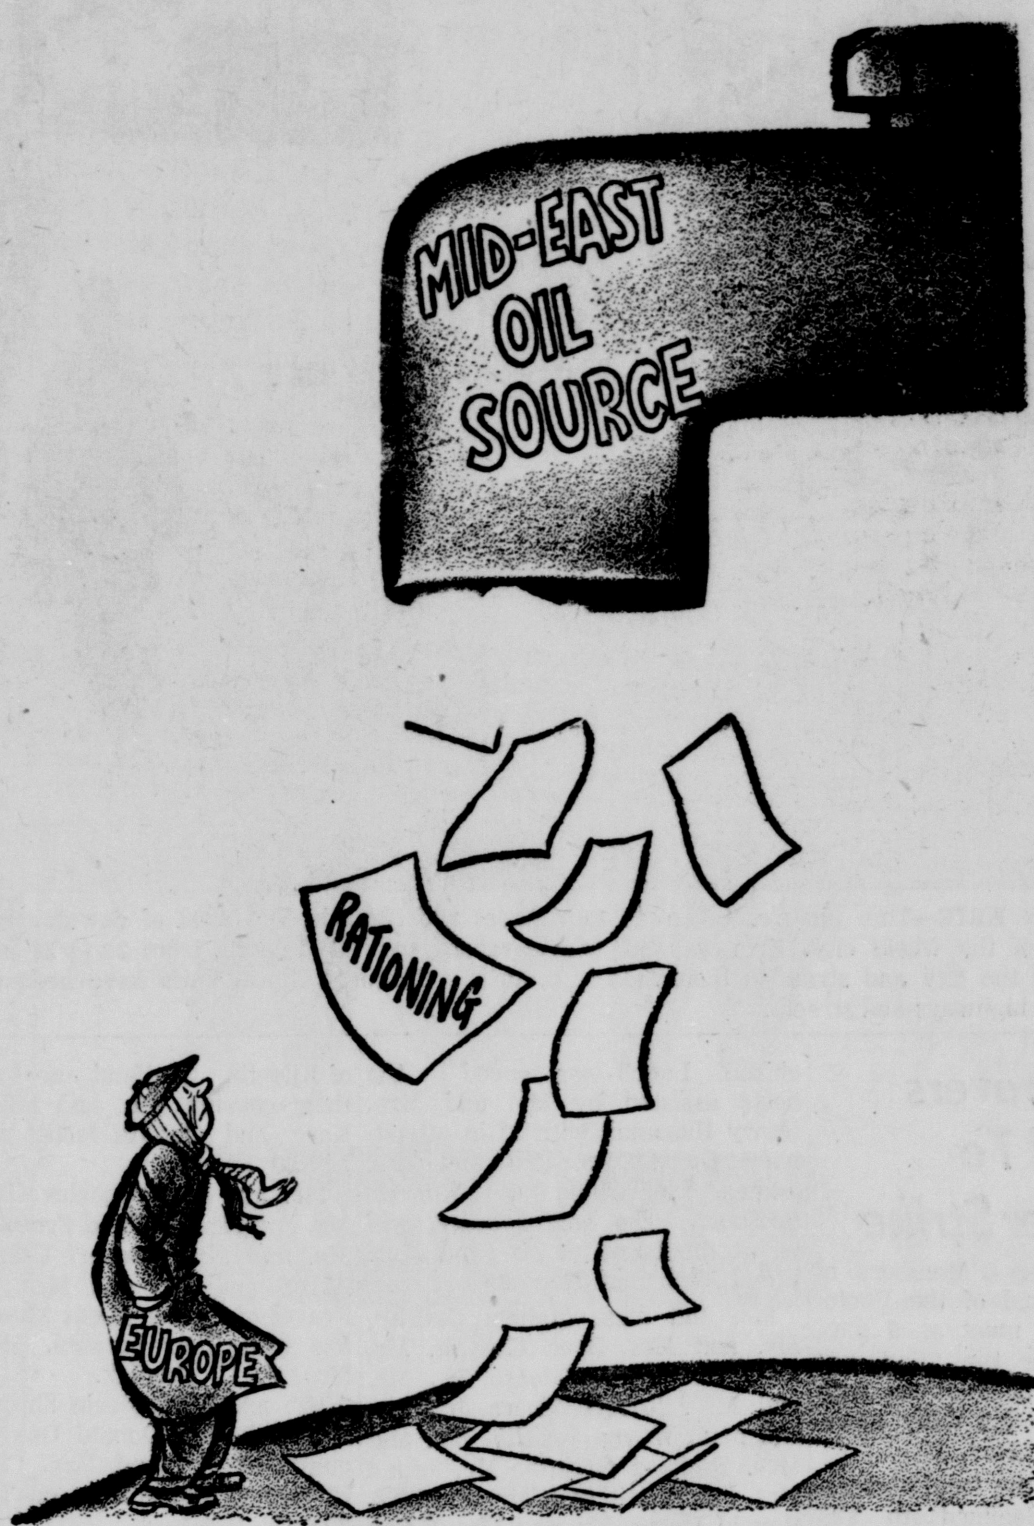

## SIDE GLANCES

By Galbraith

"We're both happier now that we're in our own home—when we lived with my parents we had to be so nasty nice to each other!"

## Cold Peace

## Marshal Tito Is Feeling His Oats

By ED CREAM

WASHINGTON — Marshal Tito is feeling his oats.

First the Yugoslav president hurled at the Kremlin the label "Stalinist"—a swear word in the Communist world today. At the same time he called on the Russians to grant all the satellites the sort of freedom Yugoslavia years ago won for itself.

Then Tito accused the Kremlin of kidnapping ex-Premier Imre Nagy of Hungary. Nagy and a group of officials were snatched by Russians as they left the Yugoslav Embassy in Budapest.

And what was the Kremlin's reaction to this tough talk from its off-again, on-again friend Tito? The usual name calling and threats of reprisal?

Not quite. They took six pages of Pravda to defend themselves on the Stalinism and satellite charges. They did ask Tito to lower his voice lest he play into the hands of "imperialist and fascist elements."

And then, most interestingly, they accused Tito—though in fairly mild language — of spreading the idea that "Yugoslavia's path to socialism is the only true and even the only possible path for socialist development in almost all countries."

How times change. This is just what Tito was charging the Russians with doing when he broke with them during the Stalin regime. Only he was complaining, of course, that it was the Kremlin which was taking the our-way-is-the-only-way line.

Tito himself came up with some interesting thoughts.

He said the Russians were wrong to intervene in the Hungarian revolt. But he adds in the next breath: "If with their intervention they saved socialism in Hungary, it was necessary and all this will one day become positive."

In other words: You shouldn't have done it but if it turns out all right for our side you did the right thing.

Tito was talking about the first clashes in Hungary, at a time when one Communist regime or another would have held power no matter who won.

He holds the Kremlin was dead right, though, in slaughtering

Hungarians by the thousands when it looked as if "reactionaries" were moving in.

You can see his reasoning there, even though you deplore it: If Hungary can get away with de-throning a Communist government what's to stop other countries from doing it, too? Yugoslavia, for example.

Unquestionably there's a rift between Belgrade and Moscow. Associated Press correspondent Harold Mills reported from Moscow Sunday night that the Nagy affair may have widened the rift "beyond the possibility of immediate reconciliation."

Tito fired a whip-sharp protest

to Budapest over Nagy's disappearance.

He sent an almost identical one to Moscow saying he expects the Kremlin to do "everything necessary" to get the safe conduct agreement carried out.

Moscow hasn't replied yet but her answer can hardly be anything other than some form of: Who, me? Tito has made it plain he means: Yes, you. He isn't buying for a minute the Budapest legend that Nagy and his friends scooted off to Romania of their own volition. Outside the ranks of Kremlin supporters, nobody else is buying it, either.

## Atom Sub Balky

GROTON, Conn. — (NEA) — They're having trouble with the Sea Wolf, which was supposed to be America's second atomic sub.

There is now serious doubt that it will ever be as successful as the Nautilus, the first atomic sub, which is performing beyond expectations.

It's possible that the sodium-type atomic reactor will have to be yanked from the Sea Wolf and replaced by the hot-water type of the Nautilus, if A-sub No. 2 is to be made an effective weapon.

This would be an enormous addition to the cost of the Sea Wolf, already estimated to be \$32,700,000 with its ailing power plant. The delay could run into years.

It's still possible that the Sea Wolf's problems can be licked, however. Scientists and Navy experts are working on it frantically as it is tied to its dock here, getting finishing touches on its interior.

BUT AT BEST the troubles will cause long delays before it can be given a sea trial. It is now 38 months since its keel was laid. The Nautilus made its first highly successful sea trial 30 months after its keel was laid by former President Truman on June 14, 1952.

Restrictions on revealing details of the design of the Sea Wolf's sodium reactor, and its extreme complexity, prevent a detailed technical explanation of the trouble. But it stems from chemical reactions caused by the use of sodium as a means of transferring the heat of the reactor into usable power.

In the Nautilus plain water transfers its atomic heat to a steam turbine. In the Sea Wolf sodium, a liquid metal, is supposed to do this and theoretically far more efficiently than water. That's why the sodium reactor was tried.

But the sodium creates chemical reactions in the system which have not yet been controlled. These reactions can result in cracking steam pipes, among other things.

NO ONE has been injured because of this. But it's reliably reported that some Navy personnel received minor overdoses of radiation during an earlier phase of dockside testing. It was trouble not connected with the reactor.

Th overdone was so minor it only required the men to be transferred to other jobs temporarily, it is reported. But it was just another Sea Wolf headache.

On Sept. 6, 1956, the Navy hinted at the big trouble in a release saying "leaks have developed in the steam superheating equipment."

It is also stated: "This equipment which is not a part of the reactor proper is installed for the purpose of obtaining higher steam efficiency. The work necessary to correct this sit-

uation will extend for . . . several weeks. The difficulty with the superheating equipment did not involve any injury to personnel or other material damage nor did it involve any nuclear radiations. So far as can be determined at the present time all materials involved were found to be in accordance with specification."

THIS RELEASE GREATLY underestimates the problem. The superheaters have now been sealed off to try to by-pass this trouble to at least permit sea trials. Even if this is accomplished, the absence of the superheaters reduces the speed and power originally hoped for in the Sea Wolf.

As careful an investigation of the Sea Wolf's trouble as is possible under security regulations has been made. It reveals no one person or firm solely responsible. General Electric built the sodium reactor, under close direction of Adm. Hyman Rickover, the famed builder of the Nautilus.

Extensive tests of a prototype of the Sea Wolf's reactor revealed its inherent problems. But apparently Rickover believed that they could be solved. This could still be true.

THERE IS NO indication that General Dynamics' Electric Boat Division, which built the Nautilus and the Sea Wolf, is at fault. Electric Boat paid for the earlier error of installing incorrect steam pipes in the Nautilus. It has taken steps to prevent a repeat of that error. That trouble was not as serious as Sea Wolf's.

Among the 14 atomic ships which the Navy has announced that it will build, the Sea Wolf is the only one with a sodium type reactor.

Experts interviewed about the Sea Wolf's trouble all pointed out that the U.S. has made phenomenal strides in harnessing the revolutionary power of the atom and difficulties such as those in the Sea Wolf are bound to occur.

## So They Say

School authorities do not expect students to dress like Little Lord Fauntleroy but there is a definite correlation between slovenliness and low grades. — Dr. Palmer L. Ewing, superintendent of Buffalo, N.Y., public schools.

If Britain and France do not withdraw (from Egypt) the world will face a major catastrophe — Ali Sabry, chief of the Egyptian presidential political office.

They (Marine drill instructors) indoctrinate those young men with the idea that nobody in the world can whip them and that they can whip any two people their size or any other size . . . and they go right on believing it, and that's 50 per cent of winning the battle right there. — Gen. Randolph Pate, Marine Corps commandant, on recruit training.

## Once Over

By H. I. PHILLIPS

## Red View Of Alice

"Oh, Oysters," said the Carpenter, "You've had a pleasant run! Shall we be trotting home again?" But answer came there none— And this was scarcely odd, because They'd eaten every one.

Alice in Wonderland

(If the Soviet speakers replied before the United Nations to the Lewis Carroll charges in the above verse.)—

Mr. President, my delegation wishes to denounce as false and slanderous the allegation that any unfairness whatever was shown oysters in this celebrated case. As is well known, the implication they were mistreated in any way is a base fiction spread by reactionary forces who plot to defame the Walrus and the Carpenter.

A lot has been made of a quotation wherein the Walrus said — and I quote — "A loaf of bread is what we chiefly need, with pepper and vinegar" as he and the Carpenter marched the Oysters along a deserted beach. The attempt to interpret this as a threat shows how far the capitalistic interests will go to distort truth.

A REMARK OF THE WALRUS, "Now, if you're ready, Oysters dear, we can begin to feed" also has been emphasized as indicating a hostile attitude toward oysters. What are the facts? They are these: The Oysters were rescued by the Walrus from subjugation by rich landowners, heartless bankers and corrupt oyster-bar owners!

It is well known that these oysters were happy. They were enjoying peace. The Walrus said — and again I quote — "The time has come to talk of many things." What were these things? They were love, kindness, amity and human rights.

The plain fact is that among the Oysters were foreign agents who had crossed the border to interfere with their affairs. These were bandit Oysters sent in to instigate terror. But the loyal Oysters were not fooled. They saw the conspiracy, put up a heroic fight and appealed to the Walrus and Carpenter for help! The Walrus and Carpenter responded and restored order and harmony. The charge by a certain obscure tool of Wall Street, Lewis Carroll, that no Oysters survived is slanderous and calculated to broaden world dissensions.

I reiterate that all Oysters feel a debt of gratitude to Walruses and to carpenters everywhere, for their prompt rescue and the security now guaranteed them. In asking that any resolution be passed authorizing the United Nations to visit the beach, look at the Oyster shells and question the oysters organization is a foul violation of the charter. My delegation will oppose it. I thank you.

PRIME MINISTER NEHRU of India will visit America to confer with the President and we wonder if he will bring his own tight-rope or expect it to be provided here.

Nehru is a ruler whose neutrality can blitz his best friends. . . . He is for our side if it takes his last deep chill.

The Ford Company will turn out a new medium-priced car and the name finally chosen out of 18,000 will be the "Edsel." . . . This reminds us faintly of the time when Henry Kaiser offered a jackpot for the best name for his first car, received a million suggestions and then wound up by choosing "Henry J."

Fate played a curious game with Rudolph Halley, who died recently. . . . Through the first Kefauver Crime Probe, he became a TV celebrity and acquired tremendous fame and respect overnight. . . . His cross examinations were brilliant. . . . Many a man has gone on from such a proceeding to eminence in government, but Halley flamed politically for only a short time. . . . We have seen few more colorful inquirers.

The Associated Newspapers

## Looking Backward

FROM THE NEWS FILES

FIVE YEARS AGO — Misses Bessie and Martha Park of E. 3rd St. and Mrs. Elizabeth Butcher of E. 2nd St. spent the Thanksgiving holiday with Mrs. Edith Hall of Freeport.

Sgt. Arnold Flick, who served 20 months on Guam, is spending a 30-day furlough with his parents, Mr. and Mrs. Otis Flick of Fair Ave.

TEN YEARS AGO — Tommy (Punk) Williams of S. Lincoln Ave. and Dale Everett of W. 8th St., have gone to Los Angeles, Calif., to spend the winter.

Mrs. Michael Linder and Mrs. William Pauline received prizes when Alpha Amica Club members were entertained by Mrs. Gus Schuster Monday evening at her home on Arch St.

TWENTY FIVE YEARS AGO — Walter Deming, a student at Cornell University, is spending a few days with his parents, Mr. and Mrs. G. R. Deming, S. Lincoln Ave.

Mayor and Mrs. George W. Bradbury and Mr. and Mrs. C. F. Davis of Lisbon and Mrs. F. W. Cox of Marion were guests at a dinner Thursday at the home of Mr. and Mrs. Harold Cox, S. Union Ave.

Miss Mary Bodo, Catherine Fleischer, Helen Klose, Freda Schunn, Harriet Percival, Hazel Charlton and Mary Andre, students at Kent State College, are spending the weekend at home.

FORTY YEARS AGO — Mrs. Phoebe Bennett of E. High St. has gone to Wooster to remain at the home of her daughter, Mrs. Ray Hall, until after Thanksgiving.

Mr. and Mrs. Oliver Ashead, who have spent the past week at Sharon and Erie, Pa., are expected to return home in a short time.

Uncle Sam warns us to look out for counterfeit money. We're kept busy enough looking for the real stuff.

We're hoping that the brand new cars will take the careless driving out of some of the owners.

The average American, according to statistics, takes more than 18,000 steps a day. With Mon, most of them are probably while picking things up.

## Leetonia Eagles To Hear Proposed Bylaws Change

LEETONIA — Leetonia Aerie 1496, Fraternal Order of Eagles, will meet Tuesday evening at 7:30 in the hall.

The third and final reading of a proposed change in the club's bylaws will be presented to the members with the vote to be made Dec. 4.

D. Wallace Rebekah Lodge will meet tomorrow evening. Following the business session a birthday party will be held.

Members having birthdays in July through September will entertain members whose birthdays come in October through December.

W.C.S. of the Methodist Church will have a silent auction in the parish house Tuesday. Mrs. Herbert Massey of East Palestine will tell of her visit in Wales. Ladies of the church are invited.

Mr. and Mrs. Joe Robson and family of East Palestine and Mr. and Mrs. Ed Gotthardt Jr. spent Thanksgiving with Mr. and Mrs. Ed Gotthardt Sr.

Mrs. Elwood Zeigler, Mrs. Ches-

ter Whitacre, and Mrs. Don McCoy will entertain the Deborah Class of St. Paul's Lutheran Church Wednesday evening at a Christmas exchange at the home of Mrs. Joseph B. Hunt, 136 N. Elm St., Columbiana.

Mr. and Mrs. Richard Ferguson and family of Columbus spent the weekend with his brother, Rev. and Mrs. Robert Ferguson and family.

Rev. and Mrs. Robert Ferguson and family spent Thanksgiving Day with her parents, Mr. and Mrs. Edward McAfee in Jewett.

THE O.S.I. Lodge is making plans for a spaghetti dinner which they serve annually to the members of the Leetonia High School football squad, faculty members, coaches, and other guests. This year the club is expecting to have more than 100 from the school. The dinner will be held early in December.

The speaker for the evening will be former Leetonia High School Coach Bob McNea.

now head coach at Mansfield. Bob will bring the film of the 1956 Mansfield - Massillon game. The showing of the film will be open to the public.

Mr. and Mrs. D. R. White, Mr. and Mrs. W. A. Albright of Lisbon left last Sunday for a two weeks' vacation in Florida.

While there they will visit Mrs. White's sister and brother-in-law, Mr. and Mrs. Alvin Wolfe, who recently moved to Orlando, Fla. Mrs. Wilson will remain in Florida for the winter.

The Willing Workers Class of St. Paul's Lutheran Church will hold its monthly meeting Monday evening at the home of Mrs. Alvin Fire, Columbia St. The committee is Mrs. Victor Hedl, chairman; Mrs. Theron Sauerwein and Mrs. Joe Golegram.

Mr. and Mrs. P. J. Scully and family of Cleveland spent Thanksgiving with her parents, Mr. and Mrs. Frank Dean.

The Kindergarten Mothers Club met Tuesday evening at the Washingtonville School. It was decided to make new drapes for the kindergarten room in Washingtonville and for each teacher to buy new records.

The room mothers for the Christmas party at Washingtonville School are Mrs. Joe Roods and Mrs. Harry Bush; for the morning

class in Leetonia, Mrs. Neal Keglmyer and Mrs. Clarence Woolley and for the afternoon class, Mrs. Clyde Stratton and Mrs. Joe Hollenshead.

A film explaining kindergarten was shown and literature was distributed. Mrs. Charles McCabe received the door prize.

The next meeting will be Tuesday, Jan. 15 at 8 p. m. in the Leetonia School.

Mrs. Elta Morris, 419 Columbia St., sustained a broken hip from falling down the basement stairs at her home Wednesday afternoon. Mrs. Morris was taken to Salem City Hospital.

## Insecticide Mud Pies Kill 1 Child; 2 Critical

OGDEN, Utah — One little girl died and two others were in critical conditions after they made mud pies with an insecticide which they apparently found in a container in their grandfather's orchard.

Three-year-old Jeanie Peterson was dead on arrival Sunday at Ogden hospital. Two hours later her cousins, Bonnie Kay Christoperson, 3, and Sherrie Christoperson, 1, were taken to the hospital with similar symptoms. The hospital said their condition was critical.

## Legislature's Special Session To Cost Ohio at Least \$5,000

COLUMBUS, Ohio — Today's special session of the Ohio Legislature—whether it last an hour or a week—will cost the state treasury "not a penny less than \$5,000."

All signs now indicate the session will accomplish nothing.

The over-all estimate was made by House Clerk Carl Guess.

His records show House members are paid just under \$3,000 in mileage for a single round trip from their homes to the state capital. Senate Clerk Thomas Bateman said senators draw "about \$800" for a single round trip.

The cost of the session also will include the wages of temporary employees, equipment rental and printing charges.

No salaries for lawmakers are included in the estimate. They are paid whether the Legislature is in session or not. But aside from travel, they must pay their own expenses for hotels, meals and the like.

The average legislator's expense are at least \$10 a day. The House, because of deaths and resignations now has 124 members and the Senate 31. For a three-day session, the legislators' personal, out-of-pocket expenses would be \$4,650—plus the fact that each will lose three days from his job, business or profession.

Democratic Gov. Frank J. Lausche called the Republican-controlled General Assembly into special session. He said he will

ask for a law giving the governor authority to seize and operate utility companies hit or threatened by service-disrupting strikes.

Legislative leaders of both parties have said both publicly and privately there is little or no chance the assembly will approve such a measure in a brief special session.

## Janet Doris Critchfield Weds Donald Lee Johnson

Her mother's birthday anniversary was chosen by Miss Janet Doris Critchfield as the date of her wedding Saturday afternoon to Donald Lee Johnson.

Rev. Ray J. Hunter, pastor of the First Baptist Church, officiated at the double ring ceremony held in the First Baptist Church uniting the daughter of Mr. and Mrs. Milton H. Critchfield of the Lisbon Road and the son of Mr. and Mrs. Lee Johnson of 2192 E. State St.

Altar vases of white pompons,

## Gunhild Nyberg Is Elected By Job's Daughters

Gunhild Nyberg was elected honored queen at a meeting of Job's Daughters Wednesday night in the Masonic Temple.

Others elected to serve for the coming term are: senior princess, Margaret Hanna; junior princess, Diane Wilson; guide, Pat Swenningson; and marshal, Mary Alice Detimore.

Past Honored Queen Nancy Riegel was introduced.

Joyce Bailey, honored queen, and Gunhild Nyberg, honored queen-elect, appointed a committee to begin preparations for the annual Job's Daughters' Sweetheart dance to be held late in February.

Serving on the committee will be: co-chairmen, Margaret Hanna and Diane Wilson, and Lynne Clewell, Marge Almond, Sandy Trotter, Pat Swenningson, Mary Alice Detimore and Joyce Halverstad.

Faye Conser, chairman, Beverly Costa and Cheryl Phillips were appointed to buy a Christmas gift from the birthday offering for a girl of the same age group.

Joyce Bailey reported on a visit to the Canton Bethel last Monday. Margaret Hanna and Joyce Bailey will go to Weirton, W. Va., in the near future to serve as installing guide and marshal in the instituting ceremonies there.

Initiation practice will be held Dec. 2 at 2 p.m.

The local Bethel observed Sunday as "Go To Church Sunday."

### Pattern

4667

A Printed Pattern that's doubly wonderful! Daughter will love a white-skirted jumper and blouse for school. Mother will love its new easy sewing—with directions printed on each pattern part.

Printed Pattern 4667: Children's Sizes 2, 4, 6, 8, 10. Size 6 jumper requires 2½ yards 35-inch fabric; blouse takes 1¼ yards.

Directions printed on each tissue pattern part. Easy-to-use, accurate, assures perfect fit.

Send 35 cents in coins for this pattern — add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of The Salem News, 156 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

palms, and baskets of white mums placed at the altar were highlighted with candelabras. White bows and pompons marked four pews.

Mrs. Arlo Westphal of LaPort, Ind. was the guest soloist, and presented selections which included "I Love You Truly," "Because," and "The Lord's Prayer." Marshall Bailey of Salem was the organist.

### Beautifully Gowned

Given in marriage by her father, the bride was beautifully attired in a gown of white imported Chantilly lace and nylon tulle. The slimly-molded bodice featured a mandarine neckline trimmed with sequins and pearls. The voluminous skirt of lace and nylon over satin extended out into a cathedral train.

The bride's fingertip veil of mist illusion was held in place with a tiara embroidered with sequins and pearls. Her arm bouquet was of white mums, pompons, roses, and puffs of white net and white ribbon. She wore pearl earrings which were a gift of the bridegroom.

Mrs. Jack Beatty of Struthers was the honor matron for the bride and was gowning in a floor length creation of gold net over taffeta with velvet and rhinestone trim. Her matching velvet stole featured a Victorian neckline. She also was wearing a velvet headpiece with a nose veil scattered with rhinestones. Her flowers were an arm bouquet of mums, pompons and oak leaves of varying shades of brown.

Bridesmaids were Mrs. Calvin Critchfield, sister-in-law of the bride, and Miss Wilma Stipic of Salem. They were attired in gowns of dark green net over taffeta, styled identical to the honor matron's dress. They wore dark green net over taffeta headpieces and carried arm bouquets of oak leaves, yellow mums, and pompons.

Miss Ralayne Smith of Youngstown, a cousin of the bride, was the flower girl. Edwin Eck of Girard, cousin of the bride, was ring bearer.

Jack Warren Beatty of Struthers was the best man and ushers were Calvin C. Critchfield of Sandusky, brother of the bride, and Robert Ogle of Salem.

For her daughter's wedding, Mrs. Critchfield was attired in a powder blue lace dress with navy blue accessories. Her corsage was of pink carnations.

Mrs. Johnson chose a peacock blue crepe dress with winter white accessories and a bronze mum corsage.

### Reception Is Held

A white linen cloth highlighted with a large bouquet of autumn flowers with cattails and oak leaves and silver tapers in silver holders comprised the bridal table at the reception for guests in the Fellowship Hall of the church.

A four-tier wedding cake was topped with a miniature bridal couple, and was encircled with oak leaves.

Serving the guests was Miss Joyce Cosgrove who cut the cake. Presiding at the tea and coffee service were Miss Doris Hull of New Waterford and Miss Medith Morningstar of Salem.

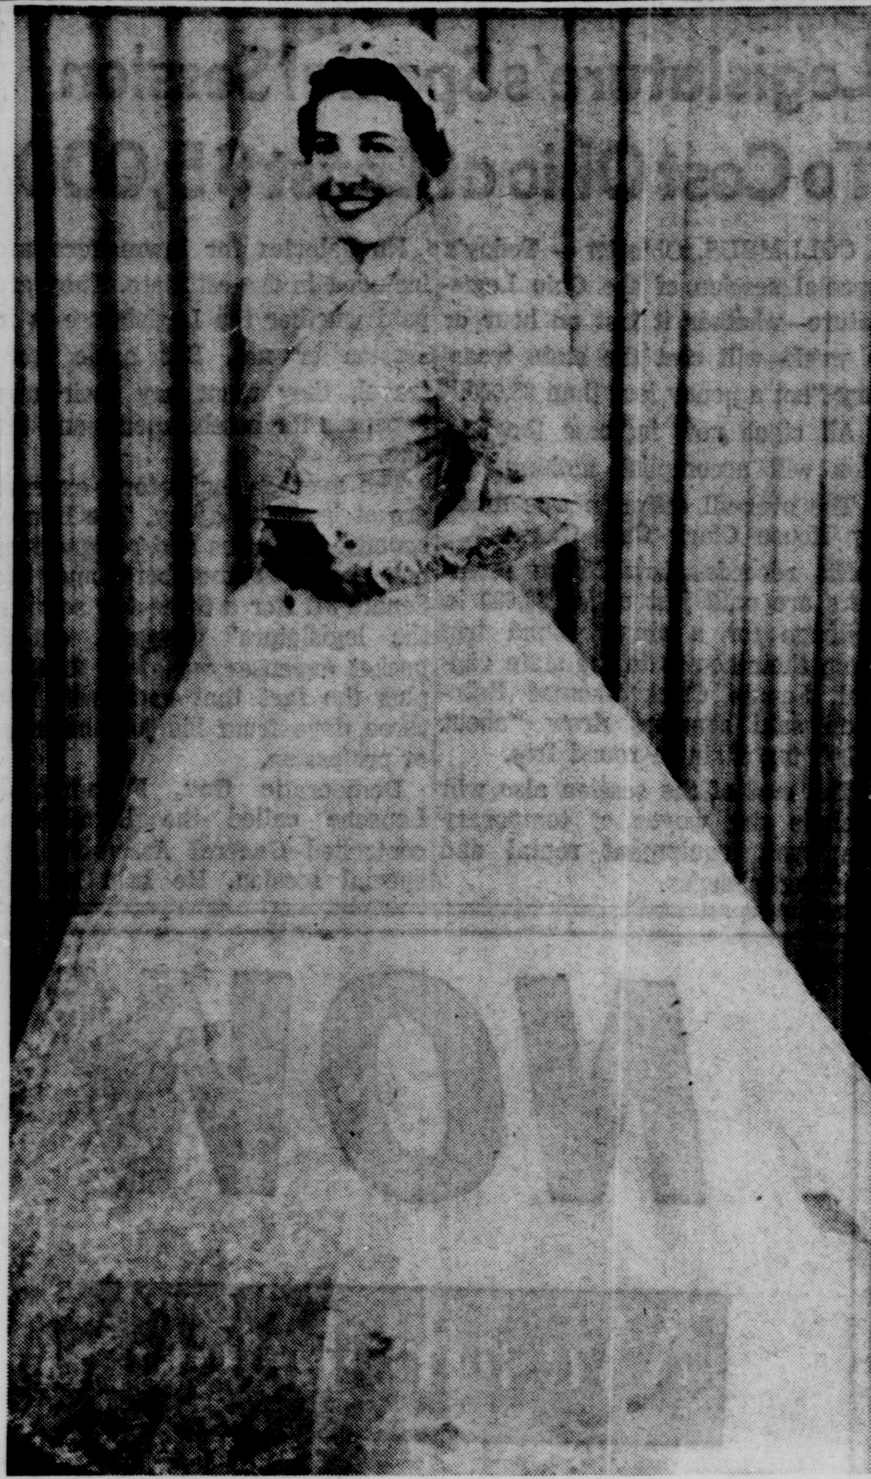

Miss Carol Johnson of Salem, sister of the bridegroom, registered the guests who came from Pittsburgh, Pa., Wheeling, W. Va., Columbus, Hubbard, Girard, Struthers, New Waterford, Leetonia, Salem, Sebring and LaPort.

Twenty-three guests were present at the rehearsal dinner Friday evening in the Timberlanes when the bridal couple presented gifts to their attendants.

When the couple departed for a honeymoon tour of Miami, Fla., the bride was wearing a Dior blue wool sheath dress and navy blue and mauve accessories. Her corsage was a lavender orchid.

A nurse at Salem City Hospital, Mrs. Johnson was graduated from Salem High School and Salem City Hospital School of Nursing.

Mr. Johnson, a graduate of Salem High School and veteran of four years' service in the Air Force, is an erection engineer for the Electric Furnace Co. The couple will reside temporarily in Middletown.

Mrs. Donald Lee Johnson

## Pinocle Club Meets With Mrs. Becker

The Newcomers Pinocle Club met Tuesday evening at the home of Mrs. Wesley Becker of South-east Blvd. A Christmas party was set for Dec. 18 at the home of Mrs. Charles Schnell of the Albany Road. Mrs. Charles Nelson will be associate hostess.

Prizes in the pinocle games went to Mrs. Leo Shea and Mrs. Ralph Costlow. A social hour was enjoyed, and the hostess served refreshments.

## UCT Ladies Night Party Is Wednesday

Salem Council, United Commercial Travelers of America, will be hosts at a Ladies Night Dinner party at the Sons of Italy Club in Leetonia Wednesday.

The affair planned for UCT members and their guests, will feature a spaghetti dinner to be served at 6:30 p.m. by the women of the O.S.I. Club.

Special entertainment will follow the dinner. H. Rex Hundertmark, social chairman is in charge of arrangements.

Last week, C. Raymond Reich, grand counselor of the Ohio U.C.T. organization, was honored at two meetings. Thursday, he attended a Ladies Night party at Chillicothe and Saturday evening, a Northwestern Ohio District meeting at Toledo. He was accompanied by his wife and Mr. and Mrs. H. Rex Hundertmark. Hundertmark is grand chaplain of Ohio.

Friday, Reich and Hundertmark were in Columbus to complete arrangements for the Ohio Grand Council meeting to be held there next June.

## Miss Blanche Moore Is Shower Honoree

Mrs. Richard Strain of Trimble St. entertained Friday night at a miscellaneous bridal shower honoring Miss Blanche Moore.

Miss Moore, daughter of Mr. and Mrs. Samuel Moore of E. State St., and Richard Theiss, son of Mr. and Mrs. John Theiss of Homewood Ave., have chosen Dec. 20 for their wedding, which will be solemnized in the First Presbyterian Church.

Miss Moore is a senior at Westminster College, and her fiancé is employed by the E. W. Bloss Co. in its engineering department.

Games entertained the guests, and prizes were won by Mrs. A. Laten Carter, Mrs. Walter Hofmeister and Mrs. Sherman Moore. Mrs. David Welsh of Beaver Falls, Pa., was an out-of-town guest.

Refreshments were served at a table laid with white linen and decorated with gilded floral arrangement in the fall motif.

## Robert Eglie, Bride Home From Trip

Robert Eglie and his bride, the former Arlene Wickersham, are at home to their friends on Homeworth Road after a honeymoon trip to Apolla, Pa. The couple pledged their marriage vows Nov. 17 at 2 p.m. Clyde Knestrick, Hanover justice of the peace, officiated.

The bride is the daughter of Mr. and Mrs. Ray Wickersham of Homeworth. Her husband is the son of Mr. and Mrs. Russell Eglie of New Chambersburg.

A white dacron street-length dress and a white hat trimmed with rhinestones were worn by the bride.

The couple will be honored at a reception Dec. 1 at 8 p.m. in the Masonic Temple at Homeworth.

A graduate of Alliance High School and the National Beauty School in Canton, the bride is associated with the Kurly Lox Shoppe.

The bridegroom is a graduate of Minerva High School and served four years with the United States Air Force. He is employed by the Transue and Williams Steel Forging Corp.

## Guilford Grangers Vote Donations

Donations were voted to Salem's School for Retarded Children and to the Foster Children's Christmas fund at a recent meeting of Guilford Grange. Philip Carnes, master of West Point Grange, spoke briefly. Worthy Master Alfred Gamble conducted the meeting.

A degree team from West Point Grange exemplified the first and second degrees in full form. On Dec. 1, the home team will be in charge of the third and fourth degree work. All candidates are requested to be present.

## Ohio Legislature Studies Lausche's Proposal For Utilities Seizure Law

COLUMBUS, Ohio (AP)—Ohio legislators assembled today for a special session called to act on Gov. Frank J. Lausche's request for power to seize struck utility firms and end Portsmouth's telephone blackout.

That Ohio River area has been without telephone service since Oct. 15 as a result of a strike begun July 15 by the Communications Workers of America against Ohio Consolidated Telephone Co.

Lausche called the session for 1 p.m. after conferences failed to end a company-union deadlock over such issues as a union shop, classification of supervisory employees and arbitration under a strike ban.

Speaker Roger Cloud (R-Logan) said Lausche's proposal would be sent to the House Judiciary Committee for hearings after introduction at a short opening session.

He said the committee would question the Scioto County sheriff and police chiefs of Portsmouth and suburban New Boston about efforts to maintain law and order in those areas. Proponents and opponents of the measure also will testify while the Senate transacts preliminary business.

The governor said that even if the special session failed to enact his proposal, the groundwork probably would be laid for such a law which he said was needed to deal with the southeastern Ohio telephone strike.

The measure would permit the state to seize and operate struck utility firms, except railroads and traction lines, with company or state employees. The proposal contained this clause for protection of workers:

"The status of no person as an employee of the public utility shall be affected by either his acceptance of employment by the state or his refusal of such employment."

Officials of the union and the telephone company opposed Lausche's proposal. And law-

**RUNNING OUT OF GAS**—Londoners queue up in a Fleet Street post office to apply for gas ration coupons in anticipation of Mid East-caused fuel rationing which is scheduled to go in to effect in Great Britain on December 17.

makers of both parties expressed reluctance to act on the seizure proposal at a special session estimated to cost an extra \$5,000. They said such important legislation should be dealt with in the regular session opening Jan. 7.

Leaders expressed belief that even if the seizure proposal won approval, backers could not muster enough extra votes for an emergency clause to make it effective upon enactment. Without approval as an emergency measure, such a law would not become effective for 90 days.

Emergency bills need a two-

thirds vote in both the House and Senate for passage while regular measures require only a majority. The company closed exchanges in the Portsmouth area after a series of rock-throwing and cable-cutting incidents. Officials said they would not reopen exchanges until law and order was guaranteed.

Unionists denied responsibility for the violence that has erupted in various communities during the long strike.

Six presidents of the United States were National Guardsmen.

## U.S. Meat Eating Hits Record High

COLUMBUS, Ohio (AP)—Americans, on the average, now eat their weight or more in beef, pork, lamb and veal each year, General Manager Carl F. Neumann of the National Live Stock and Meat Board said Monday.

Addressing the livestock conference at the Ohio Farm Bureau Federation's 38th annual convention here, Neumann said meat consumption in the United States has reached a record high of 162 to 163 lbs per person.

Within nine years, he predicted, the average will jump to 168 lbs per person.

Describing the national board, Neumann said its job is to supply information not only on the nutritive value of meat, but also on how to buy, care for, store, cook, serve and plan menus around meat.

The board, located in Chicago, is composed of livestock growers and feeders, meat packers, retail-

ers, restaurateurs and marketing agencies, he said.

Discussion of the farmer's responsibility in meat promotion, was conducted by a panel composed of F. G. Ketner, Producers Livestock Assn., Columbus; J. R. Kimber, Cincinnati Livestock Producers; L. E. Kunkle, Ohio State University professor of animal science, and A. B. Evans, livestock farmer from Cedarville, Greene County.

### FUMES AFFECT 60

BATAVIA, Ohio (AP)—Officials of a skating rink at nearby Bethel said Sunday night that corrective steps have been made to prevent recurrence of the carbon monoxide seepage that affected more than 60 patrons last Friday.

Vernon Brose, arena co-owner, said changing weather contributed to faulty working of a flue. Some skaters were treated at the rink, others were taken to nearby hospitals, but none of these was hospitalized. Two youths, more seriously affected than others, were taken to Cincinnati's General Hospital.

## Fairfield

Mr. and Mrs. Stanley Yeager accompanied Mrs. Bessie Pike to Akron to visit Mrs. Arthur Glass.

Mr. and Mrs. Edgar McCommon recently entertained Mr. and Mrs. Wayne McCommon and Mr. and Mrs. Myron McCommon of Lisbon and Mrs. Alice Reash of Columbiana at a birthday dinner in honor of Mrs. Wayne McCommon.

## Obituary

### Henry Booth

Henry Benjamin Joseph Booth, 85, of RD 1, North Benton, died in the Central Clinic at 4:20 a.m. Sunday.

He was born in Youngstown Dec. 27, 1870.

The son of Joseph and Elamanda Baker Booth, he is survived by three cousins, Clarence Booth, Mrs. William Kerr and Mrs. W. R. Zimmerman, all of Youngstown.

The body is at the Williams Funeral Home in Canfield.

Funeral arrangements are pending.

### Andrew Bortok

LISBON — Andrew Bortok, 80, died at 6:30 a.m. Sunday at the Columbiana County Home. He was in ill health for a number of years.

Born April 12, 1876 in Austria-Hungary, he came to the county home from Hanoverton in 1948.

His wife Della survives him at the county home.

The body was taken to the Ellis-Leggett Funeral Home where funeral arrangements are incomplete.

### 7 Injured

Continued From Page One

James Myers, 19, of Hanoverton, escaped injury Sunday at 3 a.m. on Rt. 30, one-half mile west of Hanoverton, when he lost control of his auto, causing it to strike a tree.

Cars driven by Robert Juillerat, 19, and John Felger, 16, both of East Palestine, collided Sunday at 12:45 a.m. on Rt. 165, one-half mile north of Unity.

James Clark, 33, of Negley, was arrested for spilling wood on the highway after timbers fell from his truck and struck a car driven by Richard Davis, 25, of Lisbon Saturday at 9:15 p.m. on County Road 428, two miles south of Rogers.

### Car Rolls Over Twice

Wayne Beagle, 17, of Salineville, escaped injury when his car went off the side of the road and rolled over twice on County Road 407 near Dunganon Sunday at 7:45 p.m. The car was demolished.

Hazardous road conditions caused a collision between cars driven by John Douds Jr., 21, of Industry, Pa., and Robert Schubert, 19, of Glen Ridge, N.J., Sunday at 11:05 p.m. on Rt. 30, five miles north of East Liverpool.

Cars operated by Loren Griffin, 23, of East Liverpool and John Mackintosh, 24, of Chester, W. Va. were struck by falling rock loosened by bad weather on Rt. 7, just southeast of East Liverpool, Sunday at 6:30 p.m.

### Port Said

Continued From Page One

report that Yugoslav troops at Abu Suweir had been openly instructing Egyptian soldiers in the use of military equipment. Borba called the report slanderous, while declaring that it was "completely natural that our soldiers were warmly received by the Egyptians."

U. N. forces at Abu Suweir reached more than 1,000 over the weekend, and other arrivals were expected soon.

Britain pulled its first unit out of Egypt Saturday night when a battalion of 928 men sailed from Port Said for Cyprus. Israel claims it has withdrawn about 6,000 men, and France one-third of its forces in the area.

### Steubenville College Plans Convocation

STEUBENVILLE — To commemorate the tenth anniversary of the founding of the College of Steubenville, a convocation ceremony has been scheduled for Friday, Dec. 7, at 8 p.m. in the auditorium of Steubenville High School.

The degree of Doctor of Pedagogy will be bestowed by the college upon Ray B. Roshon, superintendent of schools, Jefferson County, and Rev. Fr. Regis Stafford, of St. Louis Friary, Philadelphia, Pa., formerly executive vice president and treasurer of the College of Steubenville.

Four commemorative citations will be made at the convocation. G. Gordon Strong, president and general manager of Brush-Moore Newspapers, Inc., will accept the citation for the Steubenville Herald-Star, which observed its 150th anniversary this year.

The convocation address will be given by C. William O'Neill, Ohio governor-elect.

### Burglary

Continued From Page One

her husband retired about 11 p. m. The couple was alone in the house during the night. Their daughter and son-in-law — Mr. and Mrs. Lowry Watkins — three servants and a gardener sleep in other buildings on the grounds.

Mrs. Bullitt said her husband brought most of the money home recently from his law office. No reason was given.

Bullitt served under President William Howard Taft as solicitor general and was a Republican nominee for the U.S. Senate in 1914.

Son, to Mr. and Mrs. Kenneth Cobbs of Damascus, Sunday.

## U.S. Seeks \$158,769 From Ohio Couple

WASHINGTON (AP)—The internal revenue service is seeking to collect \$158,769.10 in back income taxes and penalties from Harley E. Stone and his wife, Martha, of Columbus, Ohio, tax court records showed today.

This was disclosed in appeals filed by the Stones. They say they owe nothing. Even if the court should find any tax deficiency, they say, "no part thereof is attributable to fraud."

The Stones' address was given as 2240 W. Lane Ave. The petitions did not specifically list his occupation, but said part of his income was derived from dentistry.

As set forth in the petitions, the service contends that the Stones understated their joint income in 1948-49 and 1951-52. Investigation showed, IRS said, that they were spending money far in excess of their income during those years.

In other recent tax court cases, George F. Wise of 306 Iddings St. SE, Warren, Ohio, is appealing an assessment of \$14,709.96. In a related case, Mrs. Myrtle C. Lenney of 1332 Woodland Ave. NE, Warren is appealing \$37,386.90.

## Hungary

Continued From Page One

safety. To Western observers in the Soviet capital the differences between Moscow and Belgrade seemed to have gone beyond the possibility of immediate reconciliation.

Kadar's government opened a new attack on Josef Cardinal Mindszenty, Roman Catholic primate of Hungary who took refuge in the U.S. legation in Budapest when the Red army opened its all-out attack Nov. 4.

Nepszabadsag, the regime's newspaper, called the cardinal "a typical representative of fascism" and said he had "openly explained the aims of the counter-revolution" in a radio address Nov. 3. The cardinal had only a few days of freedom after the rebels rescued him from the life sentence he had been serving for alleged treason against the Communist regime.

**Reports Uneasy Truce**  
Associated Press correspondent Eric Waha, the first Western reporter to enter Hungary since Nov. 4, reported an uneasy, unhappy truce between Hungarians and the occupying Soviet army.

Waha saw Russian tanks and armored cars guarding strategic points from the Austrian frontier to Budapest. Russian soldiers were everywhere.

Refugees continued to pour over the border into Austria despite gunfire of Russia troops. One man was carried across by friends with bullet holes in his lungs and stomach. The total who have fled to Austria reached more than 82,000 Sunday night. More than 15,000 had been funneled on to other countries.

Yugoslav sources reported authorities in Red Bulgaria were pressing a campaign of large-scale arrests to scare the population out of any attempt to launch a Hungarian-style revolt. The Belgrade reports said many persons have been sent to concentration camps and that the capital, Sofia, is heavily patrolled by police armed with tommy guns.

The Red regime in Poland, the Soviet Union's other independence-minded satellite, joined in Yugoslavia's disapproval of the Russian repression of the Hungarian revolt.

**County Education Assn. To Hear Dr. Bracy**

LISBON — Dr. Carl C. Bracy, president of Mount Union College, will be the principal speaker at the dinner meeting of the Columbiana County Education Association at Beaver Local High School Wednesday at 6:30 p.m.

Dr. Bracy's topic will be "The Struggle for the Minds of Men." Dr. Bracy was named president of Mount Union College in June of 1954. A native of Cartersville, Ill., he served as public school teacher, Methodist church pastor, and president of two other colleges prior to assuming duties at Mount Union.

Tom Leake of Salineville is president of the association.

**CAR WHEEL STOLEN**  
James Wilson Jr. of 804 S. Lincoln Ave. reported to police that the left front wheel of his car was stolen between 7 and 9:30 p.m. Saturday while it was parked in a lot on N. Broadway.

About one third of the farms in the United States have television sets.

## Security Patrol In Perry Township Proves Popular

A township security patrol is functioning well in Perry Township under the direction of Constable John Herman, Jr.

Patterned somewhat after the downtown merchant police system, Herman's patrol includes periodic

ic checkups of township roads, with particular emphasis placed on homes where citizens have requested night time protection.

Herman or his deputy constables travel an average of 38 miles a night in one round of covering the township district encircling Salem.

His aides are William Fredericks and LeRoy Rogers.

Herman, a constable here for 10 years, started his security patrol nine months ago and "many township residents seem to appreciate the extra protection," the officer said. Herman, a former deputy sheriff, was in the army security section on the West coast during World War II.

If the township patrol expands further, Herman plans to "install short-wave radio in his automobile for immediate contact with the police department."

**Fatality**  
Continued From Page One

were scheduled for today at 2 p.m. at the Moorman - Vogt Funeral Home in Sebring, with Rev. S. D. Myers of the Westville Christian Church officiating. Interment was to be in Grandview Cemetery in Sebring.

Born in Columbiana County, near Leetonia, on Nov. 19, 1899, he was a farmer.

Survivors include his wife, Pearl of the home; two sons, Edward of RD 5, Alliance and Robert of RD 2, Alliance; two brothers, Lawrence of Leetonia and Raymond of Homeworth; a sister, Mrs. Grace Ward of Florida; and five grandchildren.

**BREAKS ARM IN FALL**  
Mrs. Ignatz Grondski, 59, of Berlin Center sustained a fracture of the left arm Friday when she fell at her home while cleaning venetian blinds. She is in good condition at City Hospital.

## Elks Lodge Plans Memorial Service

The Salem Elks Lodge will eulogize 10 members who died during the past year when the lodge holds its annual memorial services next Sunday at 2 p.m.

The Rev. George D. Keister, pastor of the Holy Trinity English Lutheran Church, will deliver the memorial address, while Ray Stiver, plant superintendent of the Ohio Bell Telephone Co., will give the general eulogy.

Mr. and Mrs. Edwin Miller will be the soloists, accompanied by Miss Dixie Wilde.

The invocation and benediction will be given by the Rev. William Spearman, assistant pastor of the First Presbyterian Church.

The opening and closing ceremonies will be in charge of Exalted Ruler Edmund Blackburn, assisted by Harold Parker, leading knight; Paul Lau, loyal knight; Patrick Nocera, lecturing knight; Alfred Houts, esquire; Frank Earley, chaplain, and Ray Kenneweg, secretary.

Stiver's eulogy will pay tribute to the following members who died during the last year.

Myron Griffiths of Greenford, Michael McKinney Sr. of Canton, G. A. Jones, Wallace W. Duncan, Walter S. Fernengel, Stephen Y. Winder, Robert A. Thomas, James D. Primm Sr., Atty. Homer W. Hammond of Columbiana and Walter N. Harris of St. Petersburg, Fla., formerly of Salem.

Stiver, in co-operation with Joseph Pales and Randall Bieber, are arranging the service, which will be open to the public.

# U.S. Adds 2 More Olympic Gold Medals, Leads By 157-97

## Rev. Richards, Courtney Win

Morrow Seeks Double In 100, 200 Meters

By TED SMITS

MELBOURNE (AP) — A superhuman effort by Tom Courtney in the 800 meter run and an amazing pole vault by the Rev. Bob Richards gave the United States two more gold medals in track and field today and Denmark's Emil Danielsen speared a new world's record in the javelin.

Yale's comeback eight and Jack Kelly, Jr. led a parade of six American rowing entries into Tuesday's finals and the American weight lifters moved everything but the Olympic Stadium.

Bobby Morrow, gunning for a 100-200 - meter "double" breezed through two heats into the semifinals along with teammates Thane Baker of Elkhart, Kan., and Andy Stanfield, the 1952 champ from Jersey City, N. J. Although Morrow, the flash from Athlone Christian College pulled a thigh muscle, he is expected to be all right for Tuesday's races.

Failure of Cy Young to repeat in the javelin toss was a major disappointment to the American team after the giant rancher from Modesto, Calif., had broken the Olympic mark in the qualifying round. All three of Uncle Sam's men failed to make the final.

In basketball, the U. S. entry remained undefeated by overwhelming the Philippines 121-53. Bob Jeangard of Wilmette, Ill., a former Colorado ace, topped the scoring with 21 points, a one-game high for the Yanks in the tourney.

Even before the night weight lifting events were completed, the U. S. team had picked up 49 more points and the Russians had added only nine to increase the U. S. lead in the unofficial point total over the Soviets to 157-97.

Courtney, husky former Fordham half miler from Livingston, N. J. outgated Great Britain's Derek Johnson in the straightaway after Johnson forged into the lead around the last turn. The two great runners with Audun Boysen of Norway and Pitt's Arnie Sowell, the early leader in hot pursuit, battled right up to the tape. Courtney finally won by a yard in new Olympic record time of one minute 47.7 seconds and virtually collapsed.

Sowell, who has battled Courtney in so many races, finished fourth after setting the early pace. The first four men broke Mal Whitfield's old Olympic mark. Lon Spurrier, of Delano, Calif., the other U. S. entry, was sixth.

Richards, the vaulting paragon from La Verne, Calif., successfully defended the championship he won at Helsinki in 1952 by defying a gusty wind and calling on all his strength and luck. He cleared 4.56 meters or 14 feet, 11 1/2 inches for another Olympic record. On the way down, he hit the crossbar. It bounced vigorously but stayed in place.

Bob Gutowski of La Jolla, Calif., listed as an alternate until an injury forced Jim Graham of Tulsa to withdraw, was second to Richards and George Mattos of Santa Cruz, Calif. was fourth. George Roubanis of Greece and UCLA took third place.

The outstanding performance of the day was Danielsen's javelin throw of 85.71 meters or 281 feet 2 1/2 inches. It also was a new Olympic mark.

Betty Cuthbert of Australia brought joy to the capacity throng of 100,000 by winning the women's 100-meters for the host nation's first gold medal. Isabelle Daniels

PING PONG TOURNEY WINNERS—Two Salem boys and an East Liverpool man won the finals in the Sixth District VFW ping pong tourney held Saturday at the VFW hall here. Shown above (l. to r.) are: Nick Turkaly of East Liverpool, sixth district activities chairman; Howard Robinson of East Liverpool, open class winner; Jim Lehwald of Salem, junior class winner; Marshall Sutherin, Salem VFW junior vice commander; and Woody Deitch of Salem, senior class winner. Turkaly and Sutherin presented trophies to the winners.

of Jakin, Ga., the 19-year-old American finalist, was fourth.

After three full days of competition the United States has seven gold medals in track, equalling the hot pace of 1952. The Americans have won one event they did not score in at Helsinki, the hammer throw, and lost one that was won there, the javelin.

The only American qualifier in the 5,000-meter run was Bill Delinger of Springfield, Ore. who placed third in the heat won by Gordon Pirie of Great Britain.

There was a stiff headwind at Ballarat on Lake Wendouree where the rowing fields were pared down for the finals. Every U. S. entry except the fours with coxswain survived. The double sculls' finalists had been determined earlier but the others skimmed through the semifinals today.

The Yale eight, third behind Australia and Canada in the first heat Friday, bounced back to win a semifinal heat from Australia after saving themselves by taking a Sunday reprieve "second chance" race.

Yale, Canada, Australia and Sweden will fight it out Tuesday to see if Uncle Sam can maintain the supremacy it has held since 1920.

Jack Kelly Jr., trying to follow in his father's path in the single sculls, won a semifinal heat to reach the finals that eluded him in both 1948 and 1952.

Tommy Kono of Sacramento, Calif., became America's third gold medal winner in weightlifting with a new record of 986.25 pounds in the light heavyweight class. The 26-year-old draftsman who held the lightweight title in 1952 bested a Russian contender. Jim George of Akron, Ohio, who set a new snatch record after the official competition was over, took third place in the same event.

The United States team still leads the modern pentathlon after the completion of the third event, the pistol shoot. George Lambert of Sioux City, Iowa was fourth in the individual standings.

The United States entry won the first race of a series in the star class of yachting events with Kathleen (Herbert P. Williams, Evanston, Ill.) first away and first home.

The boxing competition still was in the early stages.

## Buchholz Wins Indoor Junior Tennis Title

ST. LOUIS (AP)—The new national indoor junior singles tennis champion is Earl Buchholz, Jr., of St. Louis, a 16-year-old high school student who twice won the national indoor boys singles title. Buchholz Sunday defeated tenniseed Eddie Sledge of Dallas, 6-4, 3-6, 6-4, for the singles crown and teamed with Sledge to win the junior doubles crown over Donald Dell of Bethesda, Md., and Dick Horwitz of St. Louis, 6-3, 9-7. Charles McKinley of St. Louis, seeded second, won the boys singles crown by beating Martin Riessen of Hinsdale, Ill., 6-1, 6-1. McKinley and Riessen, seeded first, won the boys doubles crown over Ray Senkowski and Francisco Castillo, both of Hamtramck, Mich., 6-3, 6-4.

## Redskins Trip Browns 20-17 In Last Minute

CLEVELAND (AP) — A roughing the kicker penalty set up a last minute touchdown drive by the Washington Redskins and enabled them to beat the Cleveland Browns 20-17 in a National Football League game Sunday.

The penalty, called against Cleveland's Don Colo when he smashed into punter Sam Baker, gave the Redskins an automatic first down on their own 33. They were trailing 17-13 with time running out.

Seven plays later, Eddie LeBaron tossed a 26-yard touchdown pass to end Johnny Carson. It gave the Redskins their fifth victory in a row, and their second over the Browns this season.

LeBaron, out for several weeks with injuries, had been able to complete only three of 11 tosses until the final drive. Then he completed five in a row to win the game. Carson jumped up and snared the touchdown toss as he crossed the goal line.

It was a defensive battle in the first half, with Cleveland scoring twice and Washington once on breaks.

Norb Hecker put Washington ahead when he picked up Preston Carpenter's fumble and ran 17 yards for a touchdown. Six minutes later, Kenny Konz returned a punt 65 yards for a Cleveland touchdown.

With the score 7-7, Cleveland's Bob Gain recovered a fumble by Washington's Leo Elter on three plunges, and Cleveland led 14-7 at the half.

Two field goals by Baker in the third quarter made it 14-13, but Lou Groza booted a 42-yarder midway in the final period to give Cleveland a 17-13 lead.

A crowd of 22,878, smallest of the season, saw the game in 30-degree temperature. It was the Browns' sixth defeat in nine games.

## Season Nearly Over But Bowl Picture Remains Confusing

By BOB HOOBING

The Associated Press  
The college football season has almost run its course but the bowl picture is almost as confusing as it was in mid-November.

The Rose Bowl offers the one exception. Iowa and Oregon State captured the Big Ten and Pacific Coast Conference championships and are set there.

Saturday's only contribution toward clarification was the decision that Texas Christian would be the Cotton Bowl host for the second straight year following a tough 20-17 decision over Rice.

It's normal for the Southwest Conference champion to handle the job but league leader Texas A & M, with only a Thursday date with Texas remaining, is ineligible due to NCAA probationary action.

## Pro Teams To Gather For Player Draft

PHILADELPHIA (AP) — The Green Bay Packers won the 1956 National Football League bonus choice today and picked Notre Dame quarterback Paul Hornung.

PHILADELPHIA (AP) — Representatives of the 12 National Football League franchises gathered here today to hold at least four rounds of the league's annual player draft and to allow Green Bay and the Chicago Cardinals to vie for the bonus choice.

Commissioner Bert Bell summoned the clubs for the second year in a row to a partial draft session designed to give the American pros an equal opportunity to compete with the Canadian league in negotiating with America's graduating football talent.

Prior to 1955, the NFL held its 30 rounds of player selection at the mid-January annual meeting, but November and December competition for players from the Canadians has forced the Americans to assign negotiating rights to the top graduating talent earlier.

The first order of business will be the bonus choice, an out-of-the-hat drawing in which the team drawing the lucky slip earns the negotiating right to any graduating college football player of its choice. Under bonus choice rules, each team winning the draw drops out until every club in the league has won. Only Green Bay and the Cardinals are left in the event first started in 1947.

It is believed that Green Bay would grab a hard running halfback if it wins, while Chicago would name an outstanding quarterback.

The Cards opened up a 24-7 halftime lead largely on the running of Ollie Matson and the passing of quarterback Jim Root.

A 103-yard kickoff return by the Rams' Tom Wilson was overshadowed by the Colts' all-round play.

## Bears, Giants Tie, 17-17

Cards Score 38-27 Win Over Pittsburgh

By JIM KENSIL

The Associated Press  
If the guy who makes the National Football League schedule had booked all of the Chicago Bears' games in the Windy City and points west, there would be little doubt today about the outcome of the Western Conference scramble.

As it stands, the Bears hold a precarious half game lead over Detroit with a pivotal game to be played next Sunday in the Lions' den.

The Bears managed to deadlock the New York Giants 17-17 Sunday on some excellent pass-catching by end Harlon Hill, who scored twice in the fourth quarter, the last time with less than two minutes to go.

The result snapped the Bears' seven-game winning streak. Four of the triumphs were in Chicago, another against Green Bay in Milwaukee and two on the West Coast. Their lone setback was by the Colts in Baltimore in the season's opener.

Hill's heroics left the Bears with a 7-1 record. The Lions, who were idle, are 7-2.

The Giants, Eastern Conference front-runners with a 6-2-1 mark, lost a half game to the runner-up Chicago Cardinals (6-3) who started fast and coasted to a 38-27 victory over visiting Pittsburgh.

The Washington Redskins, now winners of five straight after dropping their first three, stayed right behind Eastern leaders by rallying at Cleveland to edge the Browns 20-17.

The NFL, which hadn't recorded a tie game in its first eight weeks of play, came up with another one at Philadelphia where the Eagles and San Francisco 49ers drew 10-10.

Host Baltimore, the West's third place club evened its record at 4-4 with a blazing 56-21 romp over the Los Angeles Rams (2-7).

If the Giants had been able to contain Hill as well as they did fullback Rick Casares (13 yards in 13 carries) and quarterback Ed Brown (his only big play was a TD pass to Hill, they could have held a 17-3 third quarter lead built on a 17-yard pass play, Don Heinrich to Kyle Rote, Alex Webster's 2-yard plunge and a field goal and two conversions by Ben Agajanian.

The Cards opened up a 24-7 halftime lead largely on the running of Ollie Matson and the passing of quarterback Jim Root.

A 103-yard kickoff return by the Rams' Tom Wilson was overshadowed by the Colts' all-round play.

## Salem Boys Win District VFW Tourney

Woody Deitch, 15, son of Rev. and Mrs. Harold W. Deitch of 385 W. 10th St., a sophomore at Salem High School, and Jim Lehwald, 14, son of Dr. and Mrs. Carl Lehwald, of 836 S. Lincoln Ave., a freshman, were winners in the senior and junior class, respectively, in the finals of the Sixth District VFW ping pong tournament held at the VFW hall here Saturday afternoon.

Howard Robinson of Pvt. Eddy Post 66 of East Liverpool won the open group class title.

Deitch and Lehwald were presented district trophies by Nick Turkaly of East Liverpool, youth activity chairman of the Sixth District VFW, and local trophies by Marshall Sutherin, junior vice commander of the Salem VFW.

There was a total of 14 participants in the finals of the 34-post tourney which ran for over a month. Bad weather kept many others away from the finals, officials reported.

Judges for the tourney were Joe Torrence and Sherwood Robinson of East Liverpool and Richard Harris of East Palestine. Trophies were sponsored by the Sixth District commander, Robert Light of Coshocton; Post 693 of Canton; and Post 2579 of East Palestine.

A dinner sponsored by the Salem VFW auxiliary for all participants followed the tourney.

One hundred twenty-five persons attended a series of meetings and conferences Sunday afternoon following a dinner served by the women's auxiliary.

The district bowling tournament was tentatively set for sometime in February at Alliance where the next district conference will be held in February.

## Moore Favored Over Patterson

Heavyweight Title Bout Set For Friday

By JACK HANDB

The Associated Press  
The vacated heavyweight title will have a new champion, either its youngest or oldest, when 21-year-old Floyd Patterson of Brooklyn meets ancient Archie Moore of San Diego in a 15-round match Friday at Chicago Stadium.

Moore claims he will be 40 on Dec. 13 although the record books say he will be 43. The oldest man ever to grab the "big one" was Jersey Joe Walcott who was 37 when he upset Ezzard Charles in 1951.

The International Boxing Club expects 18,000 to pay \$250,000 to see the bout with another \$200,000 coming from the radio-television (NBC) network that will carry the fight. Chicago and a 150-mile surrounding area will be blacked out. Ring time is 10 p.m. EST.

Despite his age, Moore is an 8 to 5 favorite. Patterson's toughest opponent was Hurricane Jackson whom he outpointed in 12 rounds, June 8 to gain the title shot.

Patterson owns a 30-1 record with 21 knockouts. His only defeat was a disputed eight-round decision by Joey Maxim, former light heavy king, June 7, 1954. Moore's record for 156 starts is 131-20-5 with 90 knockouts.

Both fighters, expressing confidence of victory, begin tapering off in workouts this week. Patterson will spar today and Tuesday and will confine his drills to gym work Wednesday and Thursday. Moore will rest today, box Tuesday and Wednesday and hold a light workout Thursday.

The light heavy class, getting ready for Moore to move out, stages an interesting 10-round match Wednesday at Milwaukee between Willi Hoepner of Germany and Chuck Spieser of Lansing, Mich.

The bout will be carried on ABC radio-TV.

Italo Scottichini of Italy and New York's Bronx, boxes Hardy (Bazooka) Smallwood of Brooklyn in the 10-round feature Monday at St. Nicholas Arena in New York. It will be televised by Dumont in some sections, starting at 9:30 p.m. CST.

**FIGHT RESULTS**  
By The Associated Press

Hollywood, Calif. — Elsworth (Spider) Webb, 157, Chicago, outpointed Charlie Green, 160, Los Angeles, 10.

Havana—Cuban Kid Fichique, 146, Cuba, outpointed Louis Carr, 146 1/2, Chicago, 10.

## Iowa Takes All Honors In Big 10

By JOE MOOSHIL

CHICAGO (AP)—Iowa took all the honors in a Big Ten football season loaded with tie games and frustrations.

The Hawkeyes won a clear cut title, the Rose Bowl bid and capped its most successful season in 35 years by humiliating Notre Dame, 48-8. Michigan's 19-0 triumph over Ohio State enabled Iowa to win an undisputed title.

Aside from Iowa, only Northwestern and possibly Michigan and Minnesota could rightly call the season a success. The Wildcats closed the campaign with a 14-13 victory over Illinois. It was Northwestern's third straight conference triumph and the best season the Wildcats have enjoyed since 1950.

Purdue salvaged the Old Oaken Bucket by beating Indiana, 39-20, for the Boilermakers' only conference triumph. Wisconsin ended a dismal season by tying Minnesota, 13-13, and Michigan State, once the nation's No. 1 team, beat Kansas State, 38-17.

Although Michigan and Minnesota tied for second place, neither team fulfilled its goal of a trip to Pasadena.

Michigan State and Ohio's defending champions, solid choices to finish one-two, ended up in a tie for fourth. Ohio State lost its final two games after running up a record string of 17 conference triumphs.

Illinois had its day in upsetting Michigan State but that was the extent of it. The Illini lost four other conference games and tied twice.

Purdue also had four losses and two ties.

Wisconsin didn't win a game but finished ninth by virtue of three ties. Ties count 1/2 game won, 1/2 game lost. And Indiana finished in the basement, beating only Northwestern.

Against non-conference foes, the Big Ten had its greatest season since 1933. Big Ten teams posted a 19-5 record against inter-sectional foes. In 1933, they had a 23-5 record.

## Why Not Give Your House A Christmas Present Too?

By DAVID G. BAREUTHER  
AP Real Estate Editor  
Getting ready for Christmas, every man of experience starts to reconcile himself to the fact that he's going to be broke on the morning after this year, so why not give the house a Christmas present along with those for Mom and the kids and Santa Claus himself?

Lots of attractive things are on the house list. In addition to those you already have in mind, you might like to know that vinyl floor covering is now being put out in plank style with wood grain pattern as well as in the usual square tile sizes.

This is something. The plank sizes come in 36-inch lengths, 4 inches wide. You can get a light color called birch, or a dark

mahogany shade. In addition, there's a slight variation in color in each package, so you can group est according to the natural light estaccordin g to the natural light in a room.

By laying two or three planks of the same shade together, you can make the plank seem to be six or nine feet long and a regular or monotonous sequence or pattern can be avoided.

End joints of these planks can be staggered in the same way hard wood flooring is laid. And being made of vinyl, the material can go over wood, concrete or plywood. It's flexible, but deserves a smooth underlayment. Floor covering dealers have installation instructions as complete as those for composition floor tiles.

**PORTABLE LIGHT** controls for dimming or brightening your lamps, the way stage electricians do it, also are now on the market. These little appliances can be placed on any handy table, being about the size of a miniature alarm clock and come in handy when you want to watch the television, or just put down your book and rest your eyes.

You plug this gadget into any convenient outlet and one or two lamps can be connected with it. Like a variable light switch, it lets you turn the lights down lower for conversation, or up for reading or for welcoming others into the room.

A NEW WRINKLE in venetian blinds makes it possible to cut out much more light when the blinds are closed and to admit much more light when they are open. This is accomplished by changing the shape of the slats to a modified S-wave, instead of flat or convex. The S-shape locks out the light, while wider slats spaced farther apart let in more light when blinds are open. The manufacturers claim that the wider slats increase view by 38 per cent. They called the S-shaped slat "the first real innovation in venetian blinds since 1756." That date, 20 years before the American Revolution, is one we didn't learn in school. It's supposed to be the year that tiltable louvers and raisable blinds were first united.

**THE BIG BRUSH-OFF**  
More than 350 million paint brushes are worn out every year in the United States, says the National Paint, Varnish and Lacquer Assn.

HOW A SPLIT-LEVEL puts basement space to work by raising part of it to grade level. This house has a built-in two-car garage, a big recreation room with sliding glass doors to garden terrace, and an extra lavatory on the lower level. The house covers only 1,338 square feet. This is plan 7542AP by Herman H. York, architect, 90-04 161st St., Jamaica 32, N.Y.

### Luminous Ceilings Need No Fixtures

Luminous ceilings are being designed for the entire 38-story Seagram building now being erected on Park Avenue in New York. No conventional light fixtures or lamps will be needed.

During office hours the ceilings will be lighted to full capacity.

At night they will glow at one-fourth of normal intensity to make the skyscraper a tower of light. The system was developed by Lightolier, Inc.

### Pine Easy To Use To Hide Eyesores

Are there places in your home that need dressing up because of structural defects, or because they're naturally ugly?

Are there unsightly pipes in the basement, for example, or awkward radiators in the living quarters?

Take a good look at these liabilities and you may be surprised at how easy it will be to convert them to assets.

You can hide a vertical sewer pipe with a small western pine closet that will also provide storage for mops and brooms. Or small pipes close to a wall can be screened with a shallow cabinet that will provide excellent storage space for canned goods.

A pipe running below the ceiling often can be boxed in, giving the appearance of a beam.

Radiators may be concealed with built-in cabinets, a window seat, or even a breakfast bar in a kitchen.

With easy-to-work western pine lumber, projects of this kind fall in the do-it-yourself class and not only will smarten up the home, but increase its value.

## Here's How To Make A Closet For Coats

A closet for storage of outdoor wear and for guests' coats and hats may also serve as part of a room-divider.

The frame is of 2 by 4-inch lumber. Nail the base to the floor; then add the vertical members, toe-nailing them to the base with 16-penny common nails. Next, add the middle supports and the frame top.

Panel the inside with 1 by 10-inch lumber, using 6-penny finishing nails. Add a 1 by 12-inch shelf about 10 inches from the top, with a clothes-hanger rod beneath.

The top is two 1 by 12-inch boards. The outside panels may be 1 by 12-inch lumber, edge-glued, or hardwood plywood, fastened with 6-penny finishing nails.

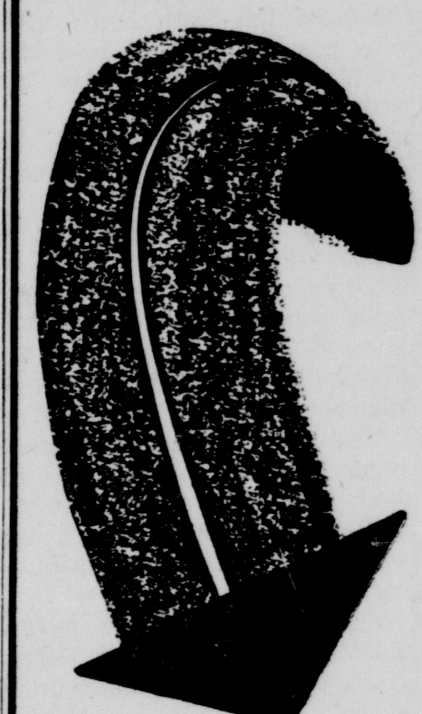

The entrance trim may be ripped from 1 by 4-inch lumber if molding is used. If the trim is butt-jointed to the sides, without molding, use 1 by 4-inch trim.

Sliding doors may be made or purchased.

### Home Repair Dos, Don'ts

**AP Newsfeatures**  
DO . . . dilute shellac with denatured alcohol in a 50-50 mixture for most ordinary purposes around the house and in the home workshop.

DO . . . flow on shellac with a dust-free brush which should be cleaned with alcohol after use and kept only for shellac.

DO . . . know that you will get better results with two or three thin coats than with a single heavy coat, sanding very lightly between coats.

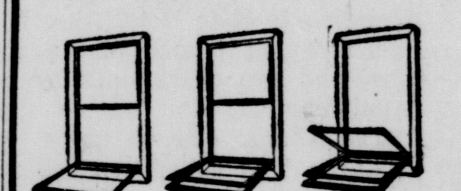

DON'T . . . apply shellac in damp or rainy weather unless you want to wind up with a cloudy or whitish finish.

DON'T . . . put on shellac over wax or oil, although shellac itself provides a good base for wax, preventing dirt from being ground into the wood.

DON'T . . . buy a large quantity of shellac at one time unless it will be used up in a couple of months, as it deteriorates slowly once the container has been opened.

DON'T . . . forget that white shellac is not actually white but clear and produces a practically colorless finish, while orange shellac (which looks somewhat the same, produces a slightly tinted tone.

## Quizzing The Gardener

Q — What trees and shrubs do you recommend for an 80-ft. home lot which are both ornamental and attractive to birds?

A — For the average-sized lot such trees and shrubs as flowering dogwood, mountain ash, fire-

thorn, blackhaw, hawthorn, juniper, mulberry, buckthorn, pines, spicebush, honeysuckle, inkberry, bayberry, barberry, winterberry, viburnum, blueberry, mahonia and privet make good plantings for the birds. They are decorative, long lived and furnish summer and winter feedings and shelter for our feathered friends.

Q — Please tell me when and how to prune rhododendrons and azaleas to keep them from overgrowing the foundation plantings?

A — It is not advisable to prune rhododendrons and azaleas more than absolutely necessary. Neither lends itself to restrictive pruning as it removes next year's blooms. Any pruning should be done immediately after the flowers have faded. If the foundation planting is crowded, better remove the less desirable plants and allow those remaining to grow as nature intended.

Q — To end an argument between a rosarian and an ordinary gardener, how big is the rose business?

A — According to a survey by Better Homes and Gardens magazine, the value of roses grown in this country in a single year is in excess of the combined value of all the commercial trees—apples, cherries, apricots, grapes, peaches, pears, plums, prunes, quinces and other deciduous fruit trees.

Q — The bottom foliage on my chrysanthemums has a tendency

to dry. Is this a disease? What is the remedy?

A — Foliage browning on chrysanthemums may be due to a number of causes. One can generally blame leaf nematodes, insects so tiny that they cannot be seen with the naked eye. Control may be had by spraying the plants, from below, with malathion, three or four times, at 10-day intervals, starting in mid-summer.

Q — How many blueberry plants should one plant for a family of four?

A — A dozen blueberry shrubs, two or three varieties to insure a good crop, should supply a family of four.

## Pets Snap At Survey On Cold Floors In Home

Why does your dog or cat, or both, insist on jumping up into a chair to sleep?

Because the floors are cold, says the Better Heating-Cooling Council.

Contending that a survey was made among cats and dogs in all walks of life, the council says high percentages answered with "woofs" and "meows" on the question of cold floors in homes. Those not replying to the questionnaire were listed as "hush-puppies."

Seriously, the council says, a high percentage of homes have floors that are uncomfortably cold in winter because of inadequate or improperly installed heating systems.

Cats, dogs and ankles can expect cold floors when a heating plant heats only the air and not the floors and exposed walls, says the council, which is especially interested in such things as radiant baseboards.

## TRACING MOISTURE

When paint blisters appear on the outside of a house, check the time of the year. Vapor pressure from the inside is greatest when the temperature drops to 25 degrees or below. This damage becomes noticeable in early spring. Outside water does its greatest damage in heavy rainy seasons and on gable ends, where eaves are short.

## STRAIGHT HOLES

Boring a straight hole in the edge of a board, such as a door, is not easy when you trust your eye to keep the bit true. A craftsman offers this tip in the Practical Builder trade publication: Clamp two straight cleats on each side of the door with a C-clamp and keep the bit shank in the center of the cleats.

## PULL-PROOF SCREWS

Screws used to hang heavy doors on soft wood often pull out in a short time. One way to avoid this, says the Practical Builder trade publication, is to drill a small starting hole, fill it with thick glue and then drive the screw. The glue will be forced into surrounding fibers, giving them increased hardness.

Most homes in Djakarta, capital of Indonesia, are shared by at least two families, reports the National Geographic Society.

## Weather Curbs Accident Toll

Only 6 Killed Over Weekend, 4 On Roads

By The Associated Press  
Ohioans stuck by their firesides over the frigid weekend if the accident toll is any indication.

An Associated Press survey covering the period from 6 p.m. Friday to midnight Sunday shows only six persons died accidental deaths—four in traffic accidents.

A 43-year-old Painesville man was crushed to death Friday night when a tractor he was using to clear snow from a motel driveway in Painesville rolled over on him.

And a 24-year-old woman was burned to death when fire swept her home on U.S. 52 near Manchester.

The fatalities:

Friday:  
William Robert Balte Sr., 43, Painesville, crushed to death in a Painesville motel driveway when the tractor he was using to clear snow rolled over him.

Saturday:  
Richard Gorges, 25, Cleveland, of injuries received in a collision at West Boulevard and Madison Avenue in Cleveland Friday night involving a transit bus and five automobiles.

Steve Kalencik, 49, Cleveland, of injuries received when struck by

**PARIS AIR CRASH CLAIMS 30-PLUS**—Rescuers search wreckage of an Italian airliner, bound from Rome to New York, which crashed and burned shortly after takeoff from Orly Field near Paris, France, killing all but two of its 35 passengers and crew and destroying three houses. Among the dead: Famed Italian orchestra conductor Guido Cantelli, 36, a protégé of Arturo Toscanini.

a car at Carnegie and East 9th Street, in Cleveland Friday.  
Fremont Kibler, 55, Beloit, when a railroad train hit his car at a crossing in Sebring.

Sunday:  
Donald Shaull, 17, Tiffin, of injuries suffered when his auto

crashed into a ditch near Tiffin Saturday night.  
Mrs. Blanche Cook, 24, burned to death when fire destroyed her home on U.S. 52, near Manchester.

## Columbiana Courts

### COMMON PLEAS

**Special Entry**  
Clerk is ordered to issue summonses for the next 50 persons whose names have been drawn from jury wheel for service during the Sept. 1956 term to report for jury service Monday, Dec. 3, at 9:30 a.m.

### New Entries

Oreda Parsons vs. Delbert Parsons; defendant ordered to pay daughter's tuition of \$300 while she is in training in East Liverpool hospital and pay \$20 per month until she becomes of age.

Bessie Batcha vs. George Batcha; temporary custody of minor children awarded to plaintiff, defendant ordered to pay \$25 per week toward their support.

### Salineville

Miss Glays Jewell of Cleveland is spending the weekend with her parents, Mr. and Mrs. George Jewell.

Mrs. James Miller and Mrs. Thomas Goddard visited in East Liverpool Wednesday.

Mrs. Bessie Vanroy, Miss Patty Kelly and Loretta Grimm visited in Bergholz Thursday.

Mr. and Mrs. Thomas Goddard and daughter were Salem visitors Thursday.

David Rhodes, son of Mr. and Mrs. Clifton Rhodes, is ill.

Mike Hanley will undergo surgery at Cleveland Clinic.

Mrs. Roy Brammer was honored at a baby shower Wednesday.

The 4-H Club met Wednesday evening at the High School with Mrs. Vondra Lou Goddard in charge.

Mr. and Mrs. Burton Goddard and Mr. and Mrs. Clayton Saxton of Rawling visited Mr. and Mrs. Thomas Burnip Thursday.

Mrs. Maude Manning visited Thursday with her son and daughter-in-law, Mr. and Mrs. Jack Manning of Lisbon.

Mr. and Mrs. John Baker and children, Mrs. Nora Baker and Miss Ora Baker visited Mr. and Mrs. Pete Mulheran of Salem Thursday.

Mrs. Robert Daley has returned home from Alliance City Hospital. Mr. and Mrs. Charles Faloan of Cleveland have concluded a visit with Mrs. Ethel McPherson.

Mrs. Flora Mundy has returned from a visit with relatives at Hollywood, Calif.

Mrs. Lelia Lewis has returned home from East Liverpool City Hospital.

Debbie Newburn, daughter of Mr. and Mrs. Paul Newburn of RD 1, is convalescing from pneumonia.

### SEES RED WITHDRAWAL

COLUMBUS, Ohio (AP)—The ranking GOP member of the House Committee on Foreign Affairs predicted here Sunday that Russia will withdraw her troops from Hungary.

U.S. Rep. John M. Vorys (R-Ohio) said he thought it likely that "Russia will remove its troops before the UN sets economic sanctions" against her.

## Democrats Study Big Party Fund Deficit

WASHINGTON (AP)—The Democratic National Committee's 11-member executive committee opens today two days of talks on party problems, the most pressing one a campaign deficit of around a million dollars.

No steps toward major changes appear in prospect, although George Rock of Colorado, a member of the full committee but not of the executive group, renewed on Saturday his call for the resignation of party chairman Paul M. Butler.

Butler offered to resign the day after the national convention ended at Chicago in August. He was retained, at the request of Adlai E. Stevenson, the Democratic presidential nominee.

The executive committee will be asked to consider a suggestion by Sen. Hubert Humphrey of Minnesota that the Democrats stage a "victory ball" because, although losing the presidential election, they continued in control of Congress.

## Kansas Turnpike Has Its First Fatality

KANSAS CITY, Kan. (AP)—The new Kansas Turnpike recorded its first fatality early Sunday when Edward R. Fitzpatrick, 48, an international representative of the United Packing House Workers Union at Cedar Rapids, Ia., was killed.

The 236-mile turnpike from Kansas City, Kan., to the Oklahoma line was opened a month ago.

Fitzpatrick was riding with Kermit Fry, 47, a district director of the union in Kansas City. Fry's station wagon ripped out a 95-foot length of turnpike guard rail. The right door was torn off and Fitzpatrick was thrown out.

Investigators said Fry apparently fell asleep. He was charged with reckless driving and driving while intoxicated.

## Probe Lobbying On Federal Road Bill

WASHINGTON (AP)—A Senate investigating committee launches hearings today to scrutinize lobbying on the federal highway construction bill and to learn how political campaign funds were spent.

Sen. McClellan (D-Ark.) summoned Democratic National Chairman Paul M. Butler as leadoff witness, and Republican Chairman Leonard W. Hall for Tuesday, to give "an accounting of campaign funds and activities."

The inquiry is one of a series the special committee has been conducting under a Senate resolution instructing it to search for evidence of any improper or illegal attempts to influence senators, Senate candidates, or officials in the executive branch of the government through lobbying or campaign contributions.

## New Alexander

Mr. and Mrs. Harold Chilson and Mrs. Charles Norris attended a meeting of Pleasant Valley Chapter O.E.S. at Hanoverton.

Mrs. Janice McMillan and Mrs. Mary Dillon of Canton visited Saturday with the former's cousin, Mrs. Clem Mason.

Mrs. Helen Pilmer of Lisbon spent Sunday with Mr. and Mrs. George Zepernick.

Warren Carle of Hanoverton visited Thursday with his sister, Mrs. Lena Summer.

Mrs. Laura Emmons was a Sunday dinner guest of Mr. and Mrs. Lehman Emmons of Alliance.

Mr. and Mrs. Homer Lutz entertained at Sunday dinner Mr. and Mrs. Howard Powell, Mr. and Mrs. Dwain Lutz and Betty Lou of Five Corners and Mrs. Eva Ruff. The evening honored the birthday anniversaries of Howard Powell and Dwain Lutz.

Mr. and Mrs. Fred Stevens visited Sunday with her mother, Mrs. Robert Brothers of Canton.

Clifford Randels, who has been a patient at the Hahlen Nursing Home, has returned to his home near Hanoverton.

Mrs. Laura Emmons, Mrs. Edith Mercer, Mrs. Lena Summer and Mrs. Clem Mason were Monday luncheon guests of Mrs. George Zepernick.

Mr. and Mrs. Gene Saeger of Louisville visited Sunday with Mr. and Mrs. Fred Hahlen.

Douglas Stevens returned Tuesday to the Naval Training Center at Bainbridge, Md., after having spent the past ten days with his parents, Mr. and Mrs. Fred Stevens.

Mr. and Mrs. P. M. Schandel and Mrs. Clem Mason were recent Salem business callers.

A Want Ad Can Find It

Everybody gains from smooth-riding modern ASPHALT highways

YOU, the driver enjoy the trip more than ever when you ride modern velvet-smooth Asphalt pavement.

It's quiet . . . and you relax. The seamless surface has no expansion joints . . . to play a monotonous thump . . . thump . . . thump on your nerves—to send shivers of vibration through your car.

You see the center-line clearly as it guides you safely day and night. And since Asphalt absorbs glare, there are fewer bright reflections to strain your eyes.

And you, the taxpayer gain by having more miles of wider up-to-date roads for your tax dollars . . . made possible by the scientific ground-up construction and the lower cost of modern Asphalt paving.

all roads are ASPHALT eventually . . . why not now?
